The Honorable Davita Vance-Cooks
Acting Public Printer
U.S. Government Printing Office
732 North Capitol Street, NW
Washington, DC 20401-0001

Dear Ms. Vance-Cooks:

The U.S. House of Representatives is continually transforming information delivery in the House to provide the American people with greater accessibility to legislative publications. As is current practice, if a House committee does not specify that a document must be posted online to the Government Printing Office's (GPO) Federal Digital System (FDsys), the publicly available information is published on a limited basis in print form only. Therefore, moving forward and effective immediately, all House Committee Documents, Committee Hearings and Committee Reports that are printed by the Government Printing Office must be uploaded to GPO's Federal Digital System.

Thank you for your assistance with this request to make the House's publications more accessible. Should you or your staff have any questions, please contact Philip Kiko, Staff Director of the Committee on House Administration, at 202-225-8281.

Sincerely,

Daniel E. Lungren
Chairman
Committee on House Administration
