DSG: If the physician feels the symptoms are acute and an evaluation is necessary, arrange to have the member seen on Monday following the UTA. The member can access benefits through their private insurance company, or if Command-directed, the member may be placed on active duty orders in order to be evaluated at Life Skills at Davis-Monthan AFB.

AGR: If the physician feels the symptoms are acute and an evaluation is necessary, arrange to have the member seen on the Monday following the UTA. The member should be evaluated at Life Skills at Davis-Monthan AFB.

Technician: If the physician feels the symptoms are acute and an evaluation is necessary, arrange to have the member seen on the Monday following the UTA. The member can access benefits through their Federal Employee Health Program insurance company, or if Command-directed, the member may be placed on active duty orders in order to be evaluated at Life Skills at Davis-Monthan AFB.
