COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities Under OMB Review: Proposed Collection; Comment Request: Part 41 Relating to Security Futures Products

AGENCY: Commodity Futures Trading Commission.
ACTION: Notice.

SUPPLEMENTARY INFORMATION:
Title: Part 41 Relating to Security Futures Products (OMB Control No. 3038-0059). This is a request for extension of a currently approved information collection.

Abstract: Section 4d(c) of the Commodity Exchange Act (CEA), 7 U.S.C. 6d(c), requires the CFTC to consult with the SEC and issue such rules, regulations, or orders as are necessary to avoid duplicative or conflicting regulations applicable to firms that are fully registered with the SEC as brokers or dealers (broker-dealers) and the CFTC as futures commission merchants (FCMs) involving provisions of the CEA that pertain to the treatment of customer funds. The CFTC, jointly with the SEC, issued regulations requiring such dually-registered firms to make choices as to how its customers' transactions in security futures products (SFP) will be treated, either as securities transactions held in a securities account or as futures transactions held in a futures account. How an account is treated is important in the unlikely event of the insolvency of the firm. Only securities accounts receive insurance protection under provisions of the Securities Investor Protection Act. By contrast, only futures accounts are subject to the protections provided by the segregation requirements of the CEA.

CONSUMER PRODUCT SAFETY COMMISSION

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of Requirements.

The Commission is issuing this notice of requirements pursuant to section 14(a)(3)(B)(vi) of the CPSA, 15 U.S.C. 2063(a)(3)(B)(vi).

DATES: Effective Date: The requirements for accreditation of third party conformity assessment bodies to assess conformity with 16 CFR parts 1615 and 1616 are effective upon publication of this notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Patricia K. Adair, Director, Division of Combustion and Fire Sciences, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone 301-504-7536; e-mail padair@cpsc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction**A. Statutory Authority**

Section 14(a)(3)(B)(vi) of the CPSA, as added by section 102(a)(2) of the Consumer Product Safety Improvement Act of 2008 (CPSIA), Public Law 110-314, directs the CPSC to establish and publish a notice of requirements for accreditation of third party conformity assessment bodies to assess children's products for conformity with "other children's product safety rules." Section 14(f)(1) of the CPSA defines "children's product safety rule" as "a consumer product safety rule under [the CPSA] or similar rule, regulation, standard, or ban under any other Act enforced by the Commission, including a rule declaring a consumer product to be a banned hazardous product or substance." Under section 14(a)(3)(A) of the CPSA, each manufacturer (including an importer) or private labeler of products subject to those regulations must have products that are manufactured more than 90 days after the establishment and **Federal Register** publication of a notice of the requirements for accreditation tested by a third party conformity assessment body accredited to do so, and must issue a certificate of compliance with the applicable regulations based on that testing. The Commission may extend the 90-day period by not more than 60 days if the Commission determines that an insufficient number of third party conformity assessment bodies have been accredited to permit certification for a children's product safety rule. Any requests for an extension should contain detailed facts showing why an extension is necessary.

Section 14(a)(2) of the CPSA, as added by section 102(a)(2) of the CPSIA, requires that certification be based on testing of sufficient samples of the product, or samples that are identical in all material respects to the product. The Commission also emphasizes that, irrespective of certification, the product in question must comply with applicable CPSC requirements (*see, e.g.*,
