

Private Remote Sensing License: Public Summary

On 10 February 2012, the Commercial Remote Sensing Regulatory Affairs Office of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, granted a license to Cosmogia Inc. to operate a private, commercial, space-based, remote sensing system named "Dove 1." Dove 1 is licensed to collect images of the Earth and will undertake a short-duration experimental mission in a circular, low-Earth orbit (approximately 250 km) at an inclination of 51.6 degrees.
