

## Private Remote Sensing License: Public Summary

On 5 September 2012, the Commercial Remote Sensing Regulatory Affairs Office of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, granted a license to Cosmogia Inc. to operate a private, commercial, space-based, remote sensing system named "Dove 3" and "Dove 4". Both satellites are licensed to collect images of the Earth and will undertake an experimental mission in an 800 km by 597 km and a 700 km circular orbit, respectively, at an inclination of 97.8 degrees.
