

<http://medlineplus.gov/>

Access patient-oriented online health information on over 900 topics. Click the **green button** for **Drugs & Supplements** or search by drug name or disease. Other topics include: Drug Safety, Vitamins, Over the Counter Medicines, Pain Relievers, and Herbal Medicine.

Daily Med

<http://dailymed.nlm.nih.gov/>

Nearly 40,000 federally approved prescription drug labels submitted by manufacturers include descriptions, usage, warnings, and patient counseling information.

Dietary Supplements Labels Database

<http://dietarysupplements.nlm.nih.gov/>

Label ingredient information from over 7,000 brands of supplements includes manufacture claims and links to fact sheets, research findings and clinical studies.

LactMed

Search: <http://toxnet.nlm.nih.gov/>

Drugs and Lactation Database (LactMed) with drugs to which breastfeeding mothers may be exposed. Includes information on levels of substances in breast milk and infant blood, possible effects on nursing infants and on lactation, potential alternate drugs and links to breastfeeding resources.

TOXNET

Toxicology Data Network

<http://toxnet.nlm.nih.gov/>

Search databases on hazardous chemicals, toxic releases and environmental health, including LactMed and:

- **ChemIDplus** – *Chemical Identification/Dictionary* providing information on structure, property and chemical toxicity
- **HSDB** – *Hazardous Substances Data Bank* with biological and physical data including animal/human toxicity studies
- **DART** – *Developmental and Reproductive Toxicology* literature and
- **TOXLINE** – *Toxicology Literature Online*, with citations from toxicological journals including those in PubMed

Drug Information from the NLM

For more information, visit:

<http://www.nlm.nih.gov/learn-about-drugs.html>

Funded under Contract No. HHS-N-276-2011-00005-C with the University of Illinois at Chicago and awarded by the DHHS, NIH, National Library of Medicine. This resource is freely available at: <http://nmlm.gov/training/resources/drugstri.pdf>

Revised: July 2012

All About Drugs

@ NLM

The U.S. National Library of Medicine® (NLM) provides a rich variety of information on all type of drugs and on herbal supplements.

Portals – search across multiple databases

- **Drug Information Portal** – searching across most NLM databases
- **TOXNET** – focusing on toxic chemicals

Labels Databases

- **DailyMed** – FDA approved drug labels
- **Dietary Supplements Labels Database**

Additional Drug Information Sources

- **AIDSinfo** – drugs and vaccines
- **Clinical Trials** – drugs in trials
- **LactMed** – drugs affecting lactating mothers and breastfed infants
- **LiverTox** – drug induced liver injury
- **MedlinePlus** – for patients and families
- **Pillbox**^{BETA} – pill identifier
- **PubChem** – chemical information
- **PubMed** – article citations
- **RxNorm** – drug names

The National Network of Libraries of Medicine (NN/LM), an outreach program of NLM, provides assistance and training nationwide. To find a local library, please call 800-338-7657 or go to <http://nmlm.gov/members/>

NLM Drug Information Portal

<http://druginfo.nlm.nih.gov/>

Information on over 31,000 drugs from their entry in clinical trials through U.S. FDA approval and into the marketplace.

Search for drug **By Name** (generic, brand or approved name) or **By Category** (i.e. anesthetics, neurotoxins) and click **Go**.

In addition to searching databases listed in this brochure, the Portal accesses:

- **Drugs@FDA** – U.S. Food and Drug Administration
- **NIAID ChemDB** – National Institute of Allergy and Infectious Diseases Therapeutics Database
- **Vaccines** – from FDA and Centers for Disease Control & Prevention
- **Code of Federal Regulations** – Drug Enforcement Administration

Resources by Audience / Class

Search **By Audience** for the public, health professionals, librarians, and students and educators. **By Class** includes over-the-counter drugs, drugs of abuse and dietary supplements.

<http://www.aidsinfo.nih.gov/>

A database of federally-approved information on HIV/ AIDS clinical research, treatment and prevention. Search the drug database for FDA-approved and for investigation drugs; find preventive and therapeutic vaccine; access updated treatment guidelines. The site includes links to additional NIH resources.

ClinicalTrials.gov

<http://clinicaltrials.gov/>

This registry of over 130,000 clinical trials conducted world-wide includes the trial's purpose, participant eligibility, and location. For recently completed trials, both study results and links to PubMed are available.

<http://pillbox.nlm.nih.gov/>

Quickly identify unknown drugs by color, shape, size, imprint, and scoring. Pill images are included when available.

<http://www.ncbi.nlm.nih.gov/pcsubstance>

This biological activities and chemical structures database includes detailed chemical information. Use the **Literature** drop-menu to identify PubMed citations focusing on aspects of the substance.

<http://pubmed.gov/>

Search over 22 million scientific journal citations with additional resource links other NLM databases. MEDLINE is the indexed subset of PubMed. Search for drugs as a substance name or as a topic.

LiverTox

<http://livertox.nih.gov/>

Clinical and research information on drug-induced liver injury in partnership with the National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK)

RxNorm

<http://www.nlm.nih.gov/research/umls/rxnorm/index.html>

RxNorm provides normalized names for clinical drugs and links its names to many of the drug vocabularies commonly used in pharmacy management and drug interaction software.

Mobile Sites

<http://www.nlm.nih.gov/mobile/>

Access these drug-related sites

- Drug Information Portal
- PubMed Mobile & PubMed for Handhelds
- TOXNET
- DailyMed
