

Disability 101 Training Workshop Remarks:

“Excellent! Should be mandatory for all managers and supervisors.”

“This training opened my eyes to all the resources available for individuals with disabilities and Managers who want to hire them. The training was extremely valuable.”

“Workshop was very informative. I hope that DOC will be able to change the culture and make a difference in improving the representation of people with disabilities in the organization. This is a great start, more in the right direction!!!”

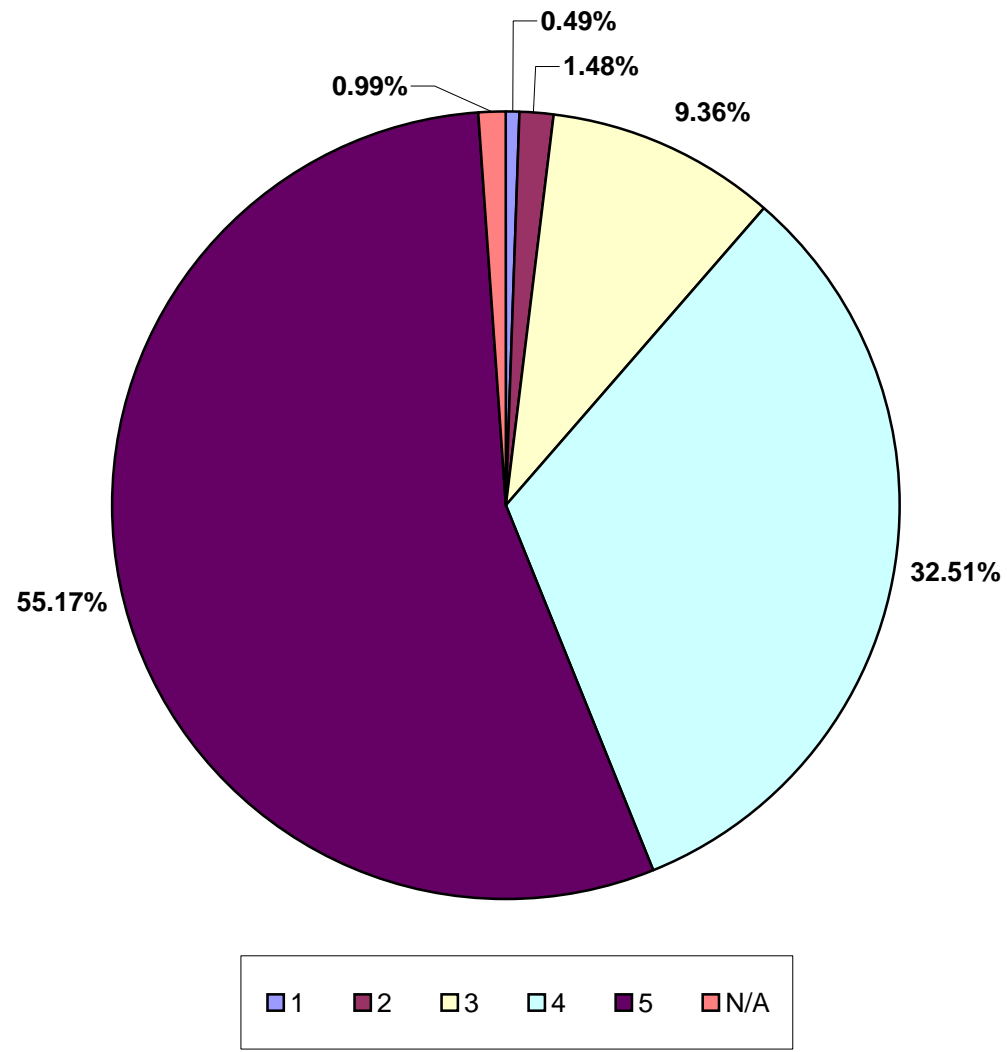

“Workshop was very helpful in informing my essential functions as advisor to my clients or customers at USPTO. I am very pleased with the instructor’s knowledge of the subject matter; her presentation is communicated very well – impressive!! I would like to have more time viewing the visual sliders/presentation. Keep up the excellent work giving this presentation. I will recommend it to my clients as well. Thank you!!!”

“All supervisors should be required to attend this training.”
