

*Welcome to  
Camp Mujuk*

# A Message from the Camp Mujuk Commanding Officer & Senior Enlisted Advisor

## Welcome aboard,

Your assignment to Camp Mujuk, Pohang, South Korea will be very exciting, demanding and career enhancing. The assignment will be a one year, dependent restricted tour of duty due to the remote location and distance between Camp Mujuk and other US Military Camps which provide schools and medical facilities required for family members. We are proud to be **"The Only Marine Corps Installation on the Entire Korean Peninsula"**. The duty here is similar to Inspector-Instructor Duty (I&I), combined with the training aspects of the Mountain Warfare Training Center (MWTC) Bridgeport and the Marine Corps Air Ground Combat Center (MCAGCC) 29 Palms, California. ## **Camp Mujuk (Korean meaning “Invincible”)**

The information below is meant to serve as a basic introduction to your assignment at Camp Mujuk, Republic of Korea; the only “Marine Corps Installation” on the Korean Peninsula. We are the tip of the spear here in Korea, which means we have to be ready to support all Marines, Sailors, Soldiers, Airmen and foreign military members who may come here for training, exercises, and combat. The Camp and its Marines support bi-lateral training between our host country and other branches of service. Camp Mujuk is a dependent restricted tour of duty. Pets and privately owned vehicles are prohibited during your tour of duty. All inbound personnel will be assigned a sponsor to aide in their transition to Korea. Stay in contact with your sponsor regularly with updates on your status and be sure to ask questions as they arise. Constant communication will be a critical part of making your transition go as smoothly as possible. Our goal is to make this move as painless and easy on you as possible, so help us help you.

### **How are you flying to Korea?**

#### **Military**

“The Patriot Express” is government transportation administered by the Air Force Air Mobility Command (AMC). It is the primary means to get military members of all services from CONUS to the Korean Peninsula. The Patriot Express departs from Seattle-Tacoma International Airport twice a week. Your local travel office might make arrangements for your seat aboard the Patriot Express. As soon as you receive your flight information, immediately forward it to your sponsor. Your sponsor will make arrangements to pick you up when you arrive at Pohang Airport or provide you with follow on travel instructions if needed.

#### **Commercial**

If your travel office reserves commercial transportation to Korea, your final destination needs to be Pohang Airport (KPO). You will most likely fly into Incheon International Airport (ICN), then have to take a bus or train to Gimpo International Airport (GMP) for follow on travel to Pohang Airport (KPO). Once you arrive in Pohang, your sponsor will be waiting to pick you up and transport you to Camp Mujuk.
