

# Science Information Services

October 2010

The Science Information staff answers a wide range of questions or refers you to other staff or organizations that may be able to provide you with the information are seeking, whether from the public, government agencies or the commercial sector. The questions can deal with USGS publications, USGS data, availability of educational materials, aerial photography, topographic maps, both current and historical, and general natural science questions.

E-mail: [ask@usgs.gov](mailto:ask@usgs.gov)

Mail: USGS-SILS  
507 National Center  
Reston, VA 20192

## Publications Sales

The USGS has partnered with the National Park Service to have several non-profit groups sell a wide-range of USGS products, including topographic maps, scientific reports, geologic and other scientific maps and other products at selected USGS office locations. In addition to USGS products, these outlets also sell commercial products related to the natural sciences, such as geographic focused puzzles, dinosaur models, popular scientific books, etc. The local sales outlet for Reston, VA is located at:

USGS Explore Store  
12201 Sunrise Valley Drive  
Reston, VA 20192  
(703) 648-6886  
Hours: Monday through Friday 9:00 AM to 5:00 PM (Eastern Time)

In addition to these outlets, there are a many business partners located throughout the nation that sell USGS products, primarily the USGS topographic maps. To find a dealer near you, check on line at <http://store.usgs.gov/cgi-bin/choosebylocation.pl>

If you know the exact title of a map or publication you can order by phone at:

1-888-ASK-USGS (1-888-275-8747) , Select Option 1  
Hours: 10:00 AM to 6:00 PM Monday through Friday (Eastern Time)

The Reston Library is managed by the Core Science Systems Mission Area. For more information about the library and its services, visit the Web site at <http://library.usgs.gov> , call the library at 703-648-4302, or e-mail them at [library@usgs.gov](mailto:library@usgs.gov)
