a. The military medical department will use the information to make recommendations on the availability of care in communities where the sponsor may be assigned or employed.

b. Information that you have a special need (not the nature or scope of the need) may be included in the sponsor's personnel record or be maintained in the community office responsible for supporting families with special needs, if EFMP enrollment criteria are met.

c. The authorization applies to the summary data included on the medical summary form, its addenda and subsequent updates to information on this form. c. I have a right to inspect and receive a copy of my own or my child's protected health information to be used or disclosed, in accordance with the requirements of the federal privacy protection regulations found in the Privacy Act and 45 CFR 164.524. I request and authorize the named provider/treatment facility to release the information described above for the stated purposes.

d.
