The first part of the paper
 discusses the general theory
 of the subject and its
 importance in the field.
 It then proceeds to a
 detailed analysis of the
 various aspects of the
 problem, showing how they
 are interconnected and
 how they affect the overall
 results. The author also
 provides a comprehensive
 review of the existing
 literature on the topic,

and compares the findings
 with previous studies. The
 paper concludes with a
 summary of the main
 points and a discussion
 of the implications for
 future research. The
 author also includes a
 list of references and an
 appendix of data.
