

From: TRAINING OFFICER

28 July 1987

HAZARDOUS MATERIAL COURSE INFORMATION

1. During the training hours the following companies will move their equipment and cover the prescribed areas:

Sta 6: Stay at Fire Station 6 and Geiger and Air Station area

Sta 8: Will move their pumper to Station 2 and cover Station # 2, # 8 and # 4's area

Sta 2: EngCo # 2 will move their pumper to Station 5 and cover Station # 5, # 3 and # 4's area

Sta 10: EngCo # 10 will move to to Station 7 and cover Station # 7 and # 10's area

2. If transfers are required during the ten day Haz Mat training course, transfers will be made between companies who are not attending the training among themselves, and those who are participating in the training will transfer among themselves.

3. Those personnel who have a break during the training course, and want to attend on their break, will be given "Comp" time after the completion of the training course
