 - (3) CMC ltr DSL-jlm of 6 Apr 1964, to Dir Sch Asst in Fed Air Areas, U.S. Office of Ed, Dept HEW
 - (4) Housing and Home Finance Agency ltr of 27 Apr 1964 Re: Project No. N. C. -63-C FEB-2A13

1. It is requested that Permit NOy(R)-43135 be amended to include the additional land area as delineated on enclosure (1).

2. It is intended that the additional land area will be used by the Licensee for the construction and maintenance of a sidewalk to serve as a walkway for dependent school children attending the Brewster Elementary School.

3. As described in enclosure (2) the proposed sidewalk will reduce the need for school bus transportation and will thereby eventually result in substantial monetary savings to the U. S. Government.

4. By enclosure (3) the Commandant of the Marine Corps favorably endorsed and forwarded enclosure (2) to the Department of Health, Education, and Welfare.

5. Enclosure (4) which is in reply to enclosures (2) and (3) is furnished for information.

6. It is requested that approval and execution of the proposed amendment be expedited in order that the sidewalk project may be completed prior to the ensuing school year.
