Dear Sir:

In response to your letter of April 23, 1981, I am returning a signed copy of the Cooperative Plan, Conservation of Fish and Wildlife Resources, U.S. Marine Corps Base, Camp Lejeune, North Carolina. As you will note, I have revised the plan to reflect that it is the Area Manager's responsibility to represent the U.S. Fish and Wildlife Service in cooperative activities such as this.

We look forward to continuing our fine working relationship with you in the future. While there appears there will be no Sikes Act funding in our FY 82 budget, we feel confident that your fine fish and wildlife management efforts will continue to benefit the fish and wildlife resource.

If you have any questions regarding the revision of this plan, please let me know.

Sincerely yours,

Carrell L. Ryan
Acting Area Manager
