RE: GROUNDWATER QUALITY DATA  
RELATED TO CONTAMINATION  
BY ABC CLEANERS, INC.  
TARAWA TERRACE WATER SUPPLY

Dear Ms. Perez:

As requested during your telephone conversation with Mr. Bob Alexander of this office on April 12, we are forwarding copies of laboratory data describing the initial discovery of the contamination at Tarawa Terrace. We are very much interested in learning of the future action being taken in regard to this contamination from an off-base source and would appreciate any efforts you may make in that regard.

As you explained to Mr. Alexander, this information is being compiled to assist your work as an EPA contractor in defining the extent of the contamination problem originating at ABC Cleaners.

For further assistance in this matter, please contact Mr. Bob Alexander, MCB Environmental Engineer, at (919) 451-3034.

Sincerely,

T. J. DALZELL
