Gentlemen, FYI, I attended a preliminary site review mtg at the request of John Jordon, PWO real estate specialist, this afternoon. EPA's L. Flores and Weston's (A/E) B. Magee discussed buiding and well location, discharge piping, POC for railroad, highway and EIWG, etc. Start date of June 1995 with myself as initial EMD POC for the review process. We are in the loop and I'll gladly pass the file on as directed. R/S. GMF
