0000003406

④ Copy of the results of the TTHM sampling, assuming it was done, of "four samples per month taken on the same day from each distribution system commencing in March 1982 for at least four months." This was the recommendation of COMLANTDIV in his letter to CG, MCB 114:WLC of 12 February 1982 on the subject of TTHM monitoring.

⑤ Copy of CNO Htr Ser 451/397464 dtd 3 Aug 1981 re: NACIP Initial Assessment Study (IAS) for MCB/CLWC. Refer to OIC, NEESA Htr 112N/WSE/pm over 11100/1:2734 ser 1755 dtd 18 Dec 1981.

⑥ Copy of the following materials:

a. Transcript/memo of record of FONECON MCB/CLWC (Mr. D. Sharpe) and LANTNAVFACENGC (Mr. W. Carter) of 21 August 1981. Subject: Monitoring data for TTHM's in drinking water.

b. LANTNAVFACENGC Htr 114:JGW 6280 of 31 July 1981, same subject as above.

⑦ Copy of professional qualifications and North Carolina certifications of competency in water quality monitoring procedures for those personnel in charge of the water quality monitoring program at MCB/CLWC during the period 1965-1985. I believe this position was identified as the Base Chemist.
