Prerequisite:

You need to have a working iSupplier portal access account to submit invoices electronically.

iSupplier portal:

https://supplierportal.sandia.gov/OA_HTML/RF.jsp?function_id=1027932&resp_id=-1&resp_appl_id=-1&security_group_id=0&lang_code=US¶ms=faWZ-ZGsr0zvoyTu6WVEVw

If access was not previously established, contact <u>supreg@sandia.gov</u> to request either a password reset or a new iSupplier account. Multiple accounts can be established for each supplier.

We recommend you establish an entity account (such as <u>accountsreceivable@supersupplier.net</u>). This technique can reduce the amount of administration for you as you get new employees or others leave.

To get the most from e-invoicing please establish electronic payments directly to your bank account. To setup EFT payments please use our EFT form.

Invoice Instructions:

The quickest way to create an invoice is to click on the 'Invoices' link from the home screen (after login):

Step 2 of 4 – Details:

Enter the following fields in order.

Field	Value
1.Remit To Address	This value will now typically pre-populate with the address associated to your PO in SNL's system. Please review and change if needed. To change the address listed, enter "%", press tab for list of values, and select correct remittance address.
2. Remit to Bank Account	Enter "%" (tab) for list of pre-established values. You will receive a check payment if no values are available as your remit to address is not setup for <u>EFT</u> payments.
3. Invoice Number	Enter your invoice number
4. Invoice Type	"Invoice" is the default value. For credits, please select the credit memo option and enter negative quantity values on the PO lines.
5. Invoice Description	Optional field but recommended.
6. Quantity	Enter your invoice total (or total for each PO line). If the PO line's unit price does not equal \$1 you may need to enter fractional values when incrementally billing.
7. Attachment	Add (see directions below)
