Sandia may take Contract or invoice prompt payment discount. Any travel outside the United States by Contractor personnel, in connection with work under this Contract, requires advance written approval by the SCR.

(b) Audit Adjustments. At any time or times prior to settlement under this Contract the SCR may have invoices or vouchers and statements of cost audited. Each payment there to for made shall be subject to reduction for amounts included in the related invoice or voucher which are found by the SCR, on the basis of such audit, not to constitute allowable cost. Any payment may be reduced for overpayments, or increased for underpayments, on preceding invoices or vouchers.

(c) Completion Voucher. On receipt and approval of the invoice or voucher designated by the Contractor as the "completion invoice" or "completion voucher" and upon compliance by the Contractor with all the provisions of this Contract (including, without limitation, the provisions relating to patents and provisions of (e) below) Sandia shall promptly pay to the Contractor any balance of allowable cost. The completion invoice or voucher shall be submitted by the Contractor promptly following completion of the work under this Contract but in no event later than 60 days (unless the SCR grants a further specific period of time) from the date of such completion.

(d) Applicable Credits. The Contractor agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Contractor or any assignee under this Contract shall be paid by the Contractor to Sandia to the extent that they are properly allocable to costs for which the Contractor has been reimbursed by Sandia under this Contract. Reasonable expenses incurred by

the Contractor for the purpose of securing such refunds, rebates, credits, or other amounts shall be allowable costs hereunder when approved by the SCR.

(e) Financial Settlement. Prior to final payment under this Contract, the Contractor and each assignee whose assignment is in effect at the time of final payment under this Contract shall execute and deliver: (1) an assignment to Sandia in form and substance satisfactory to the SCR of refunds, rebates, credits or other amounts (including any interest thereon) properly allocable to costs for which the Contractor has been reimbursed by Sandia under this Contract; and (2) a release discharging Sandia and the Government, their officers, agents and employees from all liabilities, obligations, and claims arising out of or under this Contract, subject only to the following exceptions: (i) specified claims in stated amounts or in estimated amounts where the amounts are not susceptible of exact statement by the Contractor; (ii) claims, together with reasonable expenses incidental thereto, based upon liabilities of the Contractor to third parties arising out of performance of this Contract; provided that such claims are not known to the Contractor on the date of the execution of the release; and provided further that the Contractor gives notice of such claims in writing to the SCR not more than three (3) years after the date of the release or the date of any notice to the Contractor that Sandia is prepared to make final payment, whichever is earlier; and (iii) claims for reimbursement of costs (other than expenses of the Contractor by reason of any indemnification of Sandia or the Government against patent liability), including reasonable expenses incidental thereto, incurred by the Contractor under the provisions of this Contract relating to patents. The Contractor and each such assignee hereby agree that the failure to execute and deliver the aforesaid assignment and release within sixty (60) days of a written request therefor by the SCR shall be deemed to be and shall have the same effect as a release as set forth above in item (2), including a release of all claims set forth in sub items (i)-(iii) of such item (2).

(c) Limitation of Obligation. Payments on account of costs shall not in the aggregate exceed the amount of funds presently obligated hereunder.

(d) Notice of Costs Approaching Funds Obligated - Contractor Excused Pending Increase When Obligation is Reached. Whenever the Contractor has reason to believe that the total cost of the work under this Contract will be greater or substantially less than the presently estimated cost of the work, the Contractor shall promptly notify the SCR in writing. The Contractor shall also notify the SCR in writing when the aggregate of expenditures, liabilities, and outstanding commitments allowable under this Contract is equal to seventy five percent (75%) (or such other percentage as the SCR may from time to time establish by notice to the Contractor) of the amount of funds presently obligated hereunder. When such expenditures and outstanding commitments equal one hundred percent (100%) of such amount, the Contractor shall make no further commitments or expenditures (except to meet existing commitments) and shall be excused from further performance of the work unless and until the SCR thereafter shall have notified the Contractor in writing that such amount has been increased. No notice, communication or representation in any other form or from any person other than the SCR or the person delegated in this Contract shall affect the estimated cost or funds obligated hereunder. In the absence of the specified notice, Sandia shall not be obligated to reimburse the Contractor for any costs in excess of the funds obligated hereunder, whether those excess costs were incurred during the course of the Contract or as a result of termination. In the event the Contractor incurs cost in excess of the funds obligated hereunder without receiving a prior notice from the SCR increasing such funds, the funds obligated hereunder may be increased at the sole discretion of the SCR to permit the Contractor to be reimbursed for all or a portion of such costs. However the SCR is not

obligated to increase funding due to an after-the-fact indirect rate adjustment determined by a Government audit agency. When and to the extent that the funds obligated hereunder have been increased, any costs incurred by the Contractor in excess of the funds obligated hereunder prior to such increase shall be allowable to the same extent as if such costs had been incurred after such increase, unless the SCR issues a termination notice and directs that the increase is solely for the purpose of covering termination expenses. In the event this Contract is terminated or the funds obligated hereunder are not increased enough to cover all costs, the Government shall be entitled to all property produced or purchased under the Contract except that property which the Contractor shall demonstrate to have been produced or purchased solely with Contractor's funds in excess of the funds obligated hereunder and which can be severed from the Government property without damage thereto.

(e) Sandia's Right to Terminate Not Affected. The giving of any notice by either party under this Clause shall not be construed to waive or impair any right of Sandia to terminate this Contract under the provisions of the Clause entitled "Termination."

(f) Cost Information. The Contractor shall maintain current actual cost information adequate to reflect the cost of performing the work under this Contract at all times while the work is in progress, and shall prepare and furnish to Sandia such written estimates of cost and information in support thereof as the SCR may request.

(g) Correctness of Estimates Not Guaranteed. Neither Sandia nor the Contractor guarantees the correctness of any estimate of cost for performance of the work under this Contract, and Contractor shall invoice Sandia at actual cost unless Section I of this Contract provides otherwise.

EI22 - ALLOWABLE COSTS Payment for allowable cost as hereinafter defined, shall constitute full and complete compensation for the performance of the work under this Contract. "Allowable cost" of performing the work under this Contract shall be the costs and expenses that are actually incurred by the Contractor, which are applicable and properly chargeable, either as directly incident or as allocable through appropriate distribution or apportionment, to the performance of the Contract work in accordance with its terms, and are determined by the SCR to be allowable pursuant to this Contract, including the additional provisions, if any, contained elsewhere in this Contract relating to Advance Understanding on Particular Cost Items, and pursuant to Federal Acquisition Regulation Part 31 as supplemented by part 931 of the Department of Energy Regulations (DEAR) in effect on the effective date of this Contract and OMB Circular A21, subject to the following:

plant protection, operation of utilities, or accounting; in the performance of tests, industrial processes, laboratory procedures, loading or unloading of transportation media, and operations in flight or afloat, which are continuous in nature and cannot reasonably be interrupted or otherwise completed; or which will result in lower cost to Sandia.

The Contractor shall transmit to the SCR, each calendar quarter, a legible copy of paid freight and parcel bills covering property transported to the Contractor for Sandia's account and for which Sandia will assume the freight or parcel charges under the direct cost provisions of this Contract.
