Technical comments:³

The Commission recommends the Color Index name “Reactive red 270” be included in the proposed article description. Minor editorial amendments are also suggested (see “Suggested article description,” above).

³ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
