

PLACING AN AREA IN SECURE MODE

Step # 1

On the display, ensure the area is READY TO ARM or PRESENT CARD (the display flashes from one to the other). This indicates that the doors or motions are not in alarm.

Step # 2

Press the CMD/ENT button TWICE to set the room in SECURE MODE.

PLACING AN AREA IN SECURE MODE

Step # 3

The display will prompt you to present your badge.

Step # 4

Hold your badge to the reader as you would for access to the room.

Step # 5

Display will state ENTER PIN.
Enter your four digit PIN at this time.

PLACING AN AREA IN SECURE MODE

Step # 6

The display should now read AREA SECURE.
