General Information

OPSEC/COMSEC

Nonsecure communication/information exchange is extremely vulnerable to hostile exploitation through monitoring. Do not attempt to “talk around” a classified or sensitive subject. Accumulated bits of seemingly “unimportant” information collected through continued monitoring when analyzed can provide Hostile Intelligence Services with vital National Defense Information (AR 380-5 and AR 530-2).

Control of Telephone Usage:

Unofficial use of DSN, FTS-2001, or any other DoD funded telephone system is prohibited. Personnel found fraudulently using DoD telephone systems are subject to be disciplined to the maximum extent possible. Individuals found placing unofficial toll calls will pay for incurred charges.

Third party monitoring of a telephone conversation is prohibited unless all parties give consent. This also applies to use of hands-free speaker telephones when more than one person is present at hands-free locations. It is a misdemeanor for anyone to use the telephone as a means of conveying obscene or indecent language or to make anonymous or repeated calls to annoy, abuse, embarrass or harass.

Do not discuss classified information on non-secure telephones. Official DoD telephones are subject to monitoring for communications security purposes at all times.

DoD telephones are provided for the transmission of official government information only and are subject to communications security monitoring at all times. Use of official DoD telephones constitutes consent to communications security telephone monitoring in accordance with DoD Directive 4640.6.

Fraudulent use of Telephone Service:

Any person who attempts to avoid payment of Telecommunications Service by charging such service to an unauthorized telephone number or credit card number, or who uses any other code, prearranged scheme, method, trick or device to defraud is in violation of both federal and state laws.

The law of Tennessee provides that it shall be unlawful for any person to obtain or attempt to obtain telephone service by fraudulent means with the intent to avoid payment for lawful charges. This includes not only the obtaining of local service, but devices, means or methods, with intent to avoid payment. Any person or persons violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof will be punished by imprisonment for one to five years unless value of services exceeds \$100, in which case violators are subject to imprisonment for three to ten years. Tennessee Code, 39-3-505. Kentucky state law provides that no persons shall obtain telephone services by deception or by false token or by using or possessing a device for theft of telephone services. Violators, upon conviction, are subject to imprisonment for up to one year and/or a fine of up to \$500, unless the value of the services is \$100 or more, in which case violators are subject to imprisonment for one to five years and/or a fine of up to \$10,000. Kentucky Revised Statutes, 514 .060, 414.065

Those persons found guilty of violating the Federal Fraud by Wire Statute may be fined \$1,000.00 or imprisoned for five years, or both, for each such violation. 18 U. S. C. 1343

Violations of this federal law are investigated by the Federal Bureau of Investigation.

1. General:

- a. This official telephone directory is published for information and use by personnel at Fort Campbell. Regulations governing use and installation of telephones are contained in AR 25-1.
- b. The responsibility for the care, safeguarding and proper use of telephone equipment rests upon the individual in whose office, or under whose care, telephones are installed.

2. Classes of Service:

- a. Class AA. Service provided to conduct official Department of the Army business with direct or operator-assisted access to the DSN, FTS-2000 and local off-post circuits.
- b. Class A-1. Service provided to conduct official Department of the Army business with direct access to the DSN and local off-post circuits.
- c. Class A. Service provided for the transaction of official business. It is confined to the intra-PBX and local commercial area and is restricted from direct or operator-assisted routine DSN access— local off-post only.
- d. Class C. Service authorized for official government business only. These telephones do not have access to off-post trunk lines, operator or directory assistance.

3. Application for Telephone Services:

- a. Official Telephone Service: Official requests for telephone installations, moves, removals or changes will be submitted on FC Form 4175 (Communication Service Request) to DOIM, Building 907 Bastogne Avenue. This form must be filled out and submitted by the Telephone Control Officer (TCO) for the unit. The TCO must input the forms via the DOIM Asset section of Remedy.
- b. Unofficial or Quarters Telephones: Requests for telephone installations, removals, relocations, or changes will be made (toll free) to: Bellsouth, (502) 557-6500 for Kentucky or (615) 557-6500 for

Tennessee.

c. Request for coin telephones will be made through AAFES, telephone number 439-1889.

4. Official Telephone Information Assistance:

a. Fort Campbell Operator–Dial 0 (798-2151 from BACH numbers).

b. Fort Campbell Directory Assistance 113–(6113 from BACH numbers).

c. Repair Service–798-6580. The TCO must put in a trouble ticket on the phone number via the DOIM Asset section of Remedy. This will ensure the trouble ticket gets to the correct section for resolution. If the TCO does not have access to Remedy they need to call 798-9300 and have the help desk put the trouble ticket in for them.

d. DSN prefixes are: for 798 numbers–635; for 956 numbers–363; for 412 numbers–352.

e. Responsibilities of subscriber procedures for control of official calls are described in paragraphs 5 and 6 below and are contained in AR 25-1. Person in charge of section or activity will be responsible for all long distance calls charged to the telephones in her/his section or activity.

5. Unit Responsibilities:

a. Due to underground cables, there will be no digging, excavating, driving of posts or pilings without written notice 48 hours in advance (Building 907). Dig permits are submitted via the Tennessee One-Call System.

b. Only Fort Campbell telephone equipment specialists or contractors are authorized to move, alter, place attachments on or make additions to the telephone equipment systems.

c. All telephones are not secure. DO NOT discuss classified matters in telephone conversations at any time unless authorized equipment is utilized.

d. Tactical type equipment (e.g., field wire, switchboards and telephones) will not be used to supplement, replace or duplicate the administrative (dial) telephone system within any troop or administrative building.

e. All official telephone systems are subject to monitoring at all times. Use of a government telephone constitutes consent to monitoring.

f. Keep the Directory Clerk informed of all changes to telephone listings by using FC Form 4175.

g. Each individual is responsible for all calls placed over his/her assigned telephone and for proper use and care of telephone equipment. Protect telephones, wires and connectors from moisture.

6. Telephone Control Officer's Responsibilities:

a. Each major unit, battalion, separate battalion/activity and staff office will appoint a telephone control officer (TCO) and an alternate

TCO. Requests for telephone service must be routed through the TCO before they will be accepted by DOIM.

b. The TCO will review and approve all work orders prior to submission to DOIM. Requirements for extensive service should be coordinated personally with DOIM well in advance (60 days) of required service date. "Extensive" service is defined as anything other than a routine office telephone installation or move, to include installation or moves of more than six instruments at a time.

c. All TCOs will ensure compliance with all instructions under paragraph 5 above.

d. All TCOs will ensure timely and accurate submissions of listings/changes to the telephone directory.

e. The TCO will control distribution of all telephone directories for his/her area of responsibility.

f. TCOs will attend all monthly IMO/TCO meetings.

g. The TCO will inform all users that priority of use for long distance calls are:

(1) DSN. Most operators at other posts will extend an official DSN call off post within the local call distance of that post. Refer to the DSN section (Section V) for instructions and listings.

(2) FTS-2001 Service is available for official business by dialing 98+1+AC+seven digit telephone

number (6119+XXX+XXXX from BACH numbers).

(3) Commercial Toll Service. Use of commercial service for long distance telephone calls is discouraged and may be used only if no other facilities are available.

(a) TCOs are responsible for controlling the number and length of toll calls.

(b) Discrepancies between unauthorized calls and billed charges will be clarified by the TCO. Charges for unauthorized calls will be paid by the person responsible. DOIM personnel will assist in investigating calls and defining responsibilities for such calls as may be considered questionable. DOIM personnel (798-9644) will advise TCO on preparation of paperwork for collection.

(c) FTS-2001 Commercial toll calls should not be placed to government activities that are on the DSN network. FTS-2001 or Commercial calls may be placed in lieu of DSN only when the urgency of the call cannot wait for DSN circuit availability.

7. Standards of Service:

Telephone operators are instructed to be uniformly courteous. Similar actions on the part of the subscriber will be appreciated and will serve as an incentive to superior service. Subscribers will not reprimand or enter into extended conversations with operators because their time is needed to service other customers. Complaints concerning service will be made to the Chief of Operations DOIM, telephone 956-4414. Fort Campbell operators are on line Central Standard Time, Monday through Friday, 7:30 a.m. to 4:30 p.m. Fort McPherson operators take over these calls at all other times.

8. Directory Service:

a. Official telephone listings should be updated as changes occur in order to maintain current information in both the telephone directory and the telephone switchboard information service.

It is the responsibility of the organization to notify DOIM in writing of changes, additions and deletions.

b. Unofficial telephone service at Fort Campbell is provided by Bellsouth of Louisville, Kentucky. Personnel listings are published annually in the off-post telephone directories.

9. Procedures for Making Official Calls:

a. ON-POST (798/956/412-XXXX) DIALING ON-POST—BACH numbers omit 798/956 when dialing other BACH numbers.

b. DSN—Dial 94, then the 7-digit number (618 from BACH numbers).

c. FTS-2000—Dial 98+1+AC+7 digit telephone number (BACH numbers dial 6119+AC+7 digit telephone number).

d. OVERSEAS CALLS—FTS or Commercial calls dial 98+1+country code+area code+city code+number. DSN dial 94 +area code+number

e. LOCAL OFF POST CALLS—Dial 99+AC+ 7 digit number.

f. TOLL FREE—Dial 99+1+800+7 digit number (from BACH numbers, dial 6+800+7 digit number).

10. Reduction of Long Distance Telephone Traffic in an Emergency (MINIMIZE):

a. Reason for MINIMIZE. When an actual or simulated emergency arises, or is anticipated, it is necessary to reduce the volume of record and long distance telephone traffic ordinarily transmitted over U.S. Military Networks. This action is required to facilitate prompt transmission of essential traffic which must be transmitted electrically to avoid a serious impact on mission accomplishment or personnel safety.

b. How MINIMIZE is Imposed. Notification will be transmitted by the Joint Chiefs of Staff or the command concerned, as appropriate. MINIMIZE will be automatically imposed upon declaration of DEFENSE CONDITION 3, 2, and 1, DEFENSE EMERGENCY, or AIR DEFENSE EMERGENCY. The Joint Chiefs of Staff or command concerned will cancel MINIMIZE when no longer required.

11. Command and Control During (MINIMIZE):

a. During periods when MINIMIZE is imposed over Voice Communications, authority to originate or certify long distance telephone calls will be limited to the commander or his/her designated representative(s) within the Command or Activity.

b. Upon notification that MINIMIZE is imposed, switchboard operators will advise the person or office for whom calls are pending of the MINIMIZE condition. All calls placed subsequently must be authorized by appropriate authority and must be processed according to the Joint Uniform Telephone Precedence System.

Instructions for Preparing FC Form 4175:

All telephone work other than "Trouble" requires a FC Form 4175 to be submitted. This form is an electronic form and can be obtained from the Fort Campbell Knowledge Share Site under Fort Campbell Forms. Send all copies to DOIM, Fort Campbell, typed or printed. The TCO can access this form in the DOIM Assets portion of Remedy and thus submit it electronically. This gives them a way to track their work order. Use Outline Below to Aid in

Completing FC Form 4175:

1. Plan your needs and allow as much lead time as possible. See REMARKS.
2. Fill in as requested.
3. Fill in as requested.
4. Check block that applies to your request.
5. Install. If request is for a new main line, put "1" beside Main Line block. (Always 1, as there can only be one main line of any number.)
6. Remove. Means complete removal of a telephone line/instrument. Care should be taken to let us know if complete telephone number is to be taken out or just extension(s). A "1" by main line will result in removal of number completely, but a "1" by extension means that just extension(s) will be removed. List telephone number you wish removed in lower block.
7. Relocate. A move can be inside or outside a building. A move will cover removal and reinstallation of phone in this one column. The same telephone number will not be connected between two buildings.
8. Put any additional information or miscellaneous type of work that doesn't fit anywhere else, to include justification for work requested. Examples: Requests for telephone intercoms, loud bell(s), change ringer, rehabilitation (rehab) of wiring, etc.
9. Name, rank and duty phone number of person requesting service/or exact location knowledge.
10. Put title, section/branch, division, directorate or shop, company, battalion, brigade.
11. List how you wish number to be listed within the directory.
12. Fill in as requested.
13. Fill in street name and the closest cross street.
14. Fill in room number, if there is one. Room number is required for E-911 service response personnel.
15. Fill in floor level. Floor is required for E-911 service response personnel.
16. If same as #10, write "Same;" if not, list new title, section/branch, division, directorate or shop, company, battalion, brigade.
17. List how you wish number to be listed within the directory.
18. Fill in as requested.
19. Fill in street name and the closest cross street.
20. Fill in room number, if there is one.
21. Fill in floor level.
22. Fill in at all times. Four classes of service: AA — DSN and Government Commercial; A-1— DSN; A - Off-Post Local Only; C - Post Only. (Exceptions: Work regarding bells, intercoms that do not actually pertain to a

telephone line). Remember, all new service must be justified.

23. Put date you submit work order to us.

24. Typed name of requester/telephone control officer (TCO).

25. Work orders will be returned if not signed by major TCO.

Remarks: Use one FC Form 4175 for each telephone number to be installed, removed, or relocated or each miscellaneous job.

Requesting a new AA, A-1, or A line? Be sure and justify. Need technical advice? Call Telecommunications Division, 798-6580. A minimum of 30 days lead time is required; however, date service required will be subject to slippage depending on equipment availability and DOIM workload. Priorities will be determined on a case by case basis.

Bomb Threats, Threatening and Obscene Telephone Calls:

Bomb threats and threatening and obscene telephone calls are a continuing problem at Fort Campbell. If you receive such calls, follow the instructions listed below to assist military police and telephone security personnel in the apprehension of offenders to good order.

Procedures for Persons Receiving Bomb Threat Calls:

Refer to FBI/DOJ 2-182a Bomb Threat Information Card available through normal publications channels. Follow procedures outlined on the form if you receive a bomb threat. Keep a copy of the form under your telephone so you can answer the questions immediately should you ever need to. Do not hang up the telephone. Contact the Military Police, telephone 798-7111, and give your name, location, and the number of the telephone on which you were called. Notify immediately the commander or senior official of the unit/facility threatened.

Procedures for Persons Receiving Annoying or Obscene Telephone Calls:

1. Always get the caller's identification. If the caller asks "Who is this?" refuse to answer. Instead, ask, "What number did you call?" or "Whom do you wish to speak to?"
2. If you have small children, instruct them to NEVER talk to strangers on the phone. A child's comment that Daddy and Mommy are out for the evening could set up your home for robbery or worse circumstances.
3. Adults should never give information about themselves or their home to telephone callers they don't know. That includes "salesmen" and "survey" operations, etc.
4. If a caller remains silent when you answer the phone, hang up immediately. If the caller persists, contact the Provost Marshal's Office for assistance.
5. If you are a woman living alone, never list your full name in the telephone book. Use your initials and last name.
6. Report any obscene or threatening telephone calls to the police. When answering such calls, remain calm. Don't repeatedly ask who he is or what he wants. Many callers want to upset or scare you. Hang up if the caller begins threatening or obscene remarks.

The Provost Marshal's Office will assist you with more detailed information on annoyance calls.

Telephone User's Guide

This listing is for activities and individuals located on the installation who receive their telephone service from the post telephone system. System access codes cannot be activated by subscribers from Blanchfield Army Community Hospital. Also, subscribers using special feature telephones or an electronic key telephone system may not be able to access these features as described below. Any activity desiring additional information on system features should call 798-9999.

The Sounds You Hear:

Here are a few of the sounds you will hear with this system:

Single Ring and Pause: This signals an incoming call from within the post telephone system.

Double Ring and Pause: This signals an incoming call from outside the post telephone system.

Triple Ring and Pause: This signals a system recall such as a camp-on recall.

Flash Tone: This is three short beeps followed by dial tone. You will hear this when you do a hook switch flash. (Hold down the hook switch for one second and release it).

Confirmation Tone: This is two short beeps and signals that a feature has been accessed.

Error Tone: This is a rapid busy tone. If you hear this, hang up and try again.

System Features:

Call Hold: (Note: You cannot use your telephone to place calls while you have a party on hold.)

Hook switch flash

Listen for flash tone

Dial 103

Listen for flash tone

Set handset on desk

Retrieve Call Hold: Simply hang up. The switch will call you back with your held party. -OR- Hook switch flash

Call Park:

Ask party to wait

Hook switch flash

Listen for flash tone

Dial 101

Listen for confirmation tone. Hang up (telephone can now be used normally)

Call Hold for Staff Intercom:

Hook switch flash

Listen for flash tone

Dial 107

Call Forwarding:

Call forwarding allows you three options. You can have all your calls forwarded, you can have them forwarded only if your phone is busy, or you can have them forwarded only if they are not answered by the fourth ring. You do this by first telling the switch where you want your calls forwarded to using the update access code. Then you turn it on by using the activate access code. You can do both of these at the same time using the update/activate access code. You cancel call forwarding by using the cancel access code.

Update/Activate Call Forwarding:

Lift handset

Dial one of the following:

- All Calls - 129
- Busy - 147
- No Answer - 138

Listen for flash tone

Dial destination number

When destination answers, announce Call Forwarding and hang up

Cancel Call Forwarding:

Lift handset

Dial one of the following:

All Calls - 132

Busy - 148

No Answer - 133

Listen for confirmation tone

Hang up

Call Pick-Up:

This allows you to answer a call ringing on another phone, from the phone at your desk. (NOTE: For this feature to work, you must be in a pick-up group. This can be accomplished by submitting a DA Form 3938 with the phone numbers you want to be in the pick-up group)

Group Pick-Up:

When another phone in your pick-up group is ringing....

Lift handset

Dial 149

Answer call after next ring

1. General:

The Defense Switched Network (DSN) is the principal unclassified long distance voice communications network within the Defense Communications System. It serves the major military installations within CONUS and is extended to some overseas areas. Direct dial DSN service from Fort Campbell is limited to CONUS installations. The DSN prefixes assigned to Fort Campbell are 363 and 635.

2. Local User Procedure:

- a. DSN service is provided for official and essential command and control operations, intelligence, logistic and administrative traffic in accordance with the precedence criteria given in paragraph 3. Because of the limited number of DSN trunks, each call should be limited to five minutes.
- b. The more frequently called DSN numbers have been included in this directory. Additional listings may be obtained by calling the Directory Assistance Operator (113).
- c. DSN access is limited to designated Class AA and Class A-1 telephones. Access into the system is obtained by dialing 8, listening for a second dial tone (Ft. Campbell Switch), then dialing the DSN number. (BACH numbers will dial 618 for DSN access.)

3. Trouble Reporting:

The following procedures have been established for reporting DSN trouble:

- a. Report by means of another line to the telephone trouble reporting desk by dialing DOIM HELP DESK AT 798-9300.
- b. Provide trouble desk personnel with the extension number used to place the DSN call, building number and room number.
- c. Describe the problem encountered; e.g., no DSN dial tone, no ring, poor transmission, unable to break

dial tone, etc.

Organizational Activities

As of: Aug. 12, 2008

ATTENTION:

Due to frequent changes of telephone numbers, it is advisable to call directory assistance (798-2151) for the latest information and/or assistance. Updates or changes to the telephone directory may be submitted in writing to the Directorate of Information Management (DOIM). Updates will be posted to the next printed publication of the directory.

ATTENTION - Dialing Instructions

If you are calling a number at BACH from within BACH, TMC 5, DENTAL HQ, or the LaPointe Health Clinic, dial only the last 4 numbers.

DO NOT dial the prefix because it will tie up telephone trunk lines between BACH and post.

DMPO / 101st Finance Management Company

Fort Campbell, KY 42223

Fort Campbell is the home of the 101st Airborne Division. The DMPO services the 101st Airborne Division, 5th SFG, 160th SOAR, Reserve and National Guard Soldiers. The Fort Campbell Defense Military Pay Office (DMPO) provides timely and accurate military pay support to Soldiers assigned to the Fort Campbell community and its Tenant Units, located both on and off the installation. Daily activities are divided into six basic categories: Customer Service (Pay Inquiries),

Debt Management Collections, Reserve Pay Claims, Separation Claims, and Permanent Change of Station (PCS) Travel & Military Pay.
