

Partnership to Fight HIV/AIDS in Cote d'Ivoire

The United States is supporting Cote d'Ivoire as it takes the leadership role in its fight against HIV/AIDS.

Saving Lives: PEPFAR Program Results

Progress achieved in Cote d'Ivoire through direct PEPFAR support during fiscal year (FY) 20111:

- **64,800** individuals receiving antiretroviral treatment
- **231,500** HIV-positive individuals received care and support (including TB/HIV)
- **726,800** individuals received counseling and testing
- **101,600** orphans and vulnerable children (OVCs) received support
- **9,000** HIV-positive pregnant women received antiretroviral prophylaxis for PMTCT
- **332,000** pregnant women with known HIV status received services
- **2,788** estimated infant HIV infections averted

HIV/AIDS in Cote d'Ivoire

- Adult (15–49) HIV prevalence, 2009: **3.4%**³
- Estimated adults and children (ages 0–49) living with HIV, 2009: **450,000**³
- HIV-related deaths, 2009: **36,000**³
- Orphans due to AIDS, 2009: **444,000**³
- Estimated number of people needing antiretroviral therapy based on WHO 2010 guidelines, 2009: **260,000**⁴
- Estimated percentage of pregnant women living with HIV who received antiretrovirals for preventing mother-to-child transmission, 2009: **54%**⁴

U.S. Support for Cote d'Ivoire

PEPFAR Bilateral Funding for Cote d'Ivoire (US\$ in millions)²

FY 2004	FY 2005	FY 2006	FY 2007	FY 2008	FY 2009	FY 2010	FY 2011	Total FY04-11
\$24.4	\$40.9	\$46.6	\$84.4	\$120.5	\$124.8	\$119.1	\$105.2	\$665.9

Cote d'Ivoire has also benefitted from grants from the Global Fund to Fight AIDS, Tuberculosis and Malaria, to which the U.S. is the largest single contributor. For more information on grants from the Global Fund, visit

www.theglobalfund.org

Additional Information

- Cote d'Ivoire Global Fund Grant Portfolio: <http://portfolio.theglobalfund.org/en/Country/Index/CIV>

¹ PEPFAR defines direct support as data that captures the number of individuals receiving prevention, care, and treatment services through service delivery sites or providers directly supported by U.S. Government (USG) interventions or activities at the point of service delivery. An intervention or activity is considered to be direct support if it can be associated with counts of uniquely identified individuals receiving prevention, care, or treatment services at a unique program or service delivery point benefiting from the intervention or activity.

² Total bilateral planned funding does not include funds programmed to central initiatives and allocated for use in country. Funding levels include all sources of PEPFAR funding. All funding levels are planned and subject to change due to reprogramming or the allocation of additional funds upon the Global AIDS Coordinator's approval.
