

# NOAA SCIENCE DAYS

## DIVERSE APPROACHES TO ECOSYSTEM RESEARCH

JANUARY 30, 1:00—5:00<sup>PM</sup> • SSMC3 ROOM 4527

NOAA scientists and partners are working together to improve our understanding of ecosystem connections;

Research critical ocean, coastal, and Great Lakes ecosystem dynamics and their response to pressures and change; and

Translate scientific understanding into decision support tools to help us manage our nation's coastal and marine resources.
