Hours of Operation

**Mon-Fri 0730-1700 (5 PM)
Except: the 3rd Thursday of the
month, federal holidays and wing
down days**

☺ **This symbol makes taxpayers smile because it identifies items on the Department of Defense (DoD) Basic Core Formulary, the most therapeutically and cost efficient medications and are available across all DoD facilities.**

Key Points for Providers

1. FDA approved generics are used when available.
2. Prescriptions for controlled substances require the provider's DEA number and an actual signature. Electronic signatures are not allowed by law.
3. Faxed prescriptions are accepted from providers' offices only.
4. The pharmacy does not accept phone-in (verbal) prescriptions.
5. Most prescriptions may be filled up to a 90-day supply.
6. There is no co-pay for prescriptions filled at F.E. Warren AFB. Yes, this is a great deal!

Key Points for Patients:

1. Medications are put back on the shelf 5 duty days after they are filled.
2. Faxed prescriptions are not filled until they are activated by calling or coming into the pharmacy.
3. Called-in refills will be ready for pick up 24-48 hours later on the next duty day.
4. The link for the Warren AFB medication list (formulary) is located at:
<http://www.warren.af.mil/library/factsheets/factsheet.asp?id=4476>
5. TriCare Pharmacy information regarding retail co-pays and mail-order available at:
www.tricare.mil/pharmacy/default.cfm
6. An asterisk (*) indicates a medication that is ordered by request only.

HIGH DOLLAR DRUG PROGRAM \$\$\$

Many high cost medications are available. Patients who have Other Health Insurance are not eligible.

Please contact the pharmacy for more information.

Examples include:

Atripla, Avonex, Beta Seron, Copaxone, Epogen, Enbrel (prior authorization required), Human Growth Hormone (restrictions apply), Humira, Gleevec, LovenoX, Procrit, Rapamune, Rebif, Revatio, Tarceva, Temodar

TRICARE MAIL ORDER PHARMACY PROGRAM

Medications not allowed to be stocked at a military treatment facility pharmacy are available from the mail order program through Express Scripts for a much lower copay.

Patients who have Other Health Insurance are not eligible.

Copays for medications available generically are available for free. Other medication copays range from \$9-25 for up to a 90 day supply, that's up to \$50 in savings per 90 day supply over retail pharmacies.

More information at:

<http://www.express-scripts.com/TRICARE/>

or by phone at 1-866-363-1303

TDD: 1-877-540-6261

If we don't stock it, this is the government's next best option in terms of obtaining a contract price. Retail pharmacies charge the government retail pricing.

⊙ This symbol makes taxpayers smile because it identifies cost effective medications.
