

The University of Southern Mississippi
National Center for Spectator Sports Safety and Security
Training Coordinator: Sport Event Emergency Management

Job Description

The training coordinator will be responsible for the following:

- Curriculum development and training efforts for the sport training and exercise courses developed by the National Center for Spectator Sports Safety and Security
- Assistance in securing host sites and securing participants for training
- Assistance with training logistics to include, but not limited to, coordinating workshop materials and delivery and post workshop follow-up
- Working closely with the National Sport Security Laboratory personnel in integrating processes, technology and personnel into developing standard operation procedures, industry standards and "best practices"

Minimum Qualifications

Experience in sport events emergency management and/or operations is required.

Knowledge, Skills and Abilities

1. Ability and experience in the development of curriculum and training for sport emergency operations and response activities
2. Knowledge of emergency operation centers or military equivalent with activations and operations
3. Ability to work effectively with faculty and staff as well as other agencies in developing curriculum and standard operations procedures
4. Ability to understand and operate under the Incident Command System (ICS) and National Incident Management System (NIMS)

Education and/or Experience

Bachelor's degree is required in emergency management or a related field (business, social sciences, sport management, criminal justice or public administration). Two years related experience and/or training or equivalent combination of education and experience is also required.

About National Center: Established in 2006, the National Center for Spectator Sports Safety and Security at The University of Southern Mississippi is the recognized academic leader in addressing potential threats and risks to the safety and security of sporting events. Through research, education and innovative solutions, the Center continues to enhance the level of preparedness at sporting venues nationwide.

About the University: Founded in 1910, The University of Southern Mississippi is a comprehensive doctoral and research-extensive university fulfilling its mission of being a leading university in engaging and empowering individuals to transform lives and communities. The University of Southern Mississippi,

which enrolls approximately 17,000 students each year, is the only dual-campus university in Mississippi with campuses in Hattiesburg and Long Beach. Six additional research sites are located on the Mississippi Gulf Coast and in Meridian. Learn more at www.usm.edu.
