

GOVERNMENT/INDUSTRY AERONAUTICAL CHARTING FORUM 02-01

May 1-2, 2002

Recommendation Document

Subject: Codes for Non-ICAO Airfields

Background/Discussion: This is a request to identify a DAFIF unique assigned 4-digit alphanumeric code for all airfields that have no ICAO identifier in the U.S. AFFSA is looking for possibilities of providing a uniform naming convention.

Recommendation: All non ICAO airfields in the U.S. be assigned a 4-digit alphanumeric code.

Submitted by: Ann Behrns

Organization: Air Force

Date: 04/26/2002

02-01 MEETING: NIMA requests that the U.S. identify DAFIF unique assigned 4-digit alphanumeric codes for all U.S. airfields that have no ICAO identifier. It was stated that AFFSA would like a uniform naming convention.

02-02 MEETING: NIMA requests that the U.S. identify DAFIF unique assigned 4-digit alphanumeric codes for all U.S. airfields that have no ICAO identifier. It was stated that AFFSA would like a uniform naming convention. It was agreed that the ACF ICAO idents working group would resolve this issue.

03-01 MEETING: See *ACF ICAO Identifier Working Group* presentation by Mr. Pat Millspaw in the presentation section of these minutes.

04-01 MEETING: ACF discussion led to the consensus of the ACF to close this issue and open a new issue 04-01-168, Identifiers for Heliports and Helipads. **CLOSED**
