FEDERAL ENERGY REGULATORY COMMISSION

Docket No. AD13-4-000

ERRATA NOTICE

(January 23, 2013)

On January 23, 2013, the staff of the Federal Energy Regulatory Commission (FERC or Commission) issued a Notice of Availability of the Report: Recommended Parameters for Solid Flame Models for Land Based Liquefied Natural Gas Spills. The Notice of Availability stated that three methods could be used to file your comments with the Commission, including comments filed electronically using the [eComment](#) feature on the Commission's website. This is incorrect. There are only two methods available for Administrative Dockets.

- (1) You can file your comments electronically using the [eFiling](#) feature on the Commission's website (www.ferc.gov) under the link to [Documents and Filings](#). With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "[eRegister](#)." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or
- (2) You can file a paper copy of your comments by mailing them to the following address:

Kimberly D. Bose, Secretary
