Where Should I Go For Care?

Common Emergency Conditions:

In order to provide the best care and follow-up to you the Emergency Room is not for non-emergent medical problems and should not be used in place of a doctor's visit. Wait times will be longer for non-emergent problems as the most life-threatening cases are treated first.

Common Non-Urgent Medical Problems:

- ♦ Immunizations
- ♦ Common infection like strep throat
- ♦ Skin irritations like a rash
- ♦ Respiratory issues
- ♦ Flu shot

- ♦ Ear Ache
- ♦ Strain
- ♦ Sprain
- ♦ Coughs and colds
- ♦ Back pain

- ♦ Mild asthma
- ♦ Urinary tract infections
- ♦ Dental pain
- ♦ Nausea/Vomiting

2011-2012 Fort Riley Combined Scholarship Board (FRCSB) Application

A. Applicant's Eligibility

1. The Fort Riley Combined Scholarship Board will award scholarships to qualified military family member applicants who wish to further their education toward an undergraduate or vocational degree.
2. Applicants must be a graduating high school senior, a currently enrolled college/vocational student, or a spouse pursuing a college/vocational degree (possessing a High School Diploma or GED).
3. Applicants must be a family member (child or spouse) of an active duty, retired, or deceased military member, of the greater Fort Riley Community. Qualified family members may also apply if the military sponsor has been re-assigned to another geographic location (i.e., Korea, etc.) and the remainder of the family has stayed in the greater Fort Riley Community.
4. Applicants must possess a valid DD Form 1173 (not 1173-1) Military Identification Card.

B. Conditions of the Scholarship Award

1. The scholarship is for undergraduate study only.
2. This is a merit based scholarship, financial hardship is NOT evaluated.
3. The scholarship will be applied to the first school year following the award.
4. The scholarship is awarded for the payment of tuition, books, and room and board.
5. The school the student is attending must submit written proof of enrollment before funds can be disbursed. The funds must be remitted to an accredited college, university, vocational, or technical school above the high school level, operated and approved by a state or federal authority.
6. Each applicant may only apply for one scholarship category each year. Additionally, each applicant may only receive one scholarship per scholarship category (high school senior, college student, or spouse) in their lifetime.
7. Applicants must compete in their primary category. The primary category is most often determined by the reason they have a military ID card and, therefore, eligible to compete. For instance, a high school senior who has a military ID card because she/he is a dependent child will compete in the high school senior category. However, a college student married to a soldier may compete in either the spouse category or the college student category, but not both. In such an instance it is the applicant's responsibility to select which category to apply for.
8. The CSB reserves the right to deny any application where there is evidence of fraud or abuse.

4. High school students will be evaluated solely on their high school level performance. High school seniors will not enter information about events which occurred prior to the start of high school.
5. College/vocational school students will be evaluated solely on their college level performance. College/vocational school students will not enter any data or provide any information about events which occurred prior to the start of their college/vocational school training nor will they provide ACT or SAT scores or class rankings.
6. Spouses will provide all required academic performance information starting when they entered high school until the present day. Spouses will provide information about extracurricular activities, awards, and volunteer experience and work experience that has occurred within the last 3 years.
7. Official copies of transcripts are not required, however the copies provided must be clear, legible and written in English. Maintain Vigilance

You can help prevent and detect terrorism by watching out for suspicious activities.

Be Alert for the Seven Signs of Terrorism

➤ **Surveillance:** If someone is targeting a specific area they will most likely be watching activities in that area during the planning phase of the operation. They will attempt to determine the target's strengths and weaknesses and the number of personnel that may respond to an incident. Routes to and from the target are usually established during the surveillance phase.

➤ **Seeking Information (Elicitation):** attempt to gain information about a target a place, person or operation through inquiries. These elicitation attempts can be made by mail, fax, phone or in person.

➤ **Testing Security:** "Probing" is a technique terrorists use to attempt to gather data about a target's security. These tests are usually conducted by driving past or even penetrating the target, moving into sensitive areas, and observing security or law enforcement response.

➤ **Acquiring Supplies:** This may be a case where someone is purchasing or stealing explosives, weapons, ammunition, law enforcement equipment or badges, military uniforms or equipment. It could be the unusual purchase or storage of fertilizer or harmful chemicals.

➤ **Suspicious Behavior:** the presence of suspicious people who just don't belong. This could include individuals in a workplace, building, neighborhood or business establishment who do not fit in because of their demeanor or unusual questions they ask or statements they make.

➤ **Trial Runs:** Before an attack, terrorists will usually practice with a trial run to work out flaws in their plan and unanticipated problems.

➤ **Deploying / Getting Into Position:** The final sign to look for is someone deploying assets or getting into position. This is your last chance to alert authorities before the terrorist act occurs. Pre-incident indicators may come days, months or even years
