

Reference Data Report

This chapter describes what information is available in the Reference Data Report. Data in this report includes average acre cost and a listing of airtanker bases. The results of these reports are available in a spreadsheet format.

Information for the average acre cost tab data is provided from:

- Department of the Interior. Represents an extract of fire occurrence and cost from 2004 to the present.
- Department of Agriculture, Forest Service. Represents information provided by regional offices.

To generate these reports:

1. Go to **Reports > Input Reports** and click Reference Data Report in the FPU Summary Input Reports box.
2. Click .

This generates a spreadsheet report in an Excel (.xls) format

Tabs at the bottom of the spreadsheet display the name of each report. Click each tab to display the report information.

Reference Data Report – Average Acre Cost Tab

This report displays the average acre cost for each geographic area by fire size class and agency.

Geographic Area	AK		CA		EA		GB		NI
Size Class	USDA	USDI	USDA	USDI	USDA	USDI	USDA	USDI	USDA
A	16,000	31,256	26,000	26,642	10,000	16,370	20,000	35,046	21,000
B	8,000	4,937	11,000	4,041	1,500	1,277	8,000	3,453	10,000
C	4,000	979	5,300	1,257	500	154	2,800	644	3,000
D	2,000	286	2,800	148	300	62	1,100	228	1,600
E	3,439	172	3,439	242	3,439	17	3,439	165	3,439
F	2,065	41	2,065	128	2,065	7	2,065	79	2,065
G	646	5	646	27	646	1	646	19	646

Column Title Definitions

Geographic Area: Represents the acronym for each geographic area represented in the Fire Program Analysis (FPA) application. For example, AK refers to the Alaska geographic area.

USDA: Represents the cost per acre burned for US Department of Agriculture fires in the geographic area.

USDI: Represents the cost per acre burned for US Department of Interior fires in the geographic area.

FPA User Guide

Reference Data Report

Row Title Definition

Size Class: Represents the fire size classes A-G. FPA models average acre cost based on the following National Wildfire Coordinating Groups (NWCG) fire size classes:

- A – 0-.25 acres,
- B - .26 –.99 acres,
- C – 1.0 – 9.99 acres,
- D – 10.0 – 299.99 acres,
- E – 300 – 999.99 acres,
- F – 1000 – 4999.99 acres, and
- G – 5000 acres or more.

Reference Data Report – Airtanker Bases Tab

This report displays the geographic area, location and agency affiliation for airtanker bases.

	A	B	C	D	E	F
1	Geographic Area	Base Name	City	Latitude	Longitude	Agency
2	Southwest	Alamogordo	Alamogordo	32 50.4N	105 59.4W	USFS
3	Southwest	Albuquerque	Albuquerque	35 02.5N	106 36.5W	USFS
4	Southwest	Fort Huachuca	Sierra Vista	31 35.3N	110 20.6W	USFS
5	Southwest	Williams/Gateway	Mesa	33 18.5N	111 39.3W	USFS
6	Southwest	Prescott	Prescott	34 39.1N	112 25.2W	USFS

Column Title Definitions

Geographic Area: Represents the name of the geographic area that maintains an airtanker base.

Base Name: The airtanker base name.

City: The city where the airtanker is located.

Latitude: The latitude of the airtanker base city.

Longitude: The longitude of the airtanker base city.

Agency: The agency with the contract for the airtanker.
