### Instructions for Listing starting on page 3.

**Country of location** — If the affiliate is engaged in petroleum shipping, other water transportation, or oil and gas drilling, and has operations spanning more than one country, use country of incorporation for country of location. For example, classify in country of incorporation an oil drilling rig that moves from country to country during the year.

**Primary industry code (based on sales or gross operating revenues)** — Provide the 4-digit ISI code in the industry group that accounts for the largest amount of the affiliate's sales. A list and a full explanation of the ISI codes are given in the **Guide to Industry Classifications for International Surveys, 2007**. A summary list of ISI codes is included at the back of Form BE-11B. To be considered a holding company (ISI code 5512), income from equity investments must be more than 50 percent of total income.

**Number of employees** — Employees on the payroll at the end of FY 2011 including part-time employees, but excluding temporary and contract employees not included on your payroll records. A count taken at some other date during the reporting period may be given provided it is a reasonable estimate of employees on the payroll at the end of FY 2011. If the number of employees at the end of FY 2011 (or when the count was taken) was unusually high or low due to temporary factors (e.g., a strike), enter the number of employees that reflects normal operations. If the number of employees fluctuates widely during the year due to seasonal business variations, report the average number of employees on the payroll during FY 2011. Base such an average on the number of employees on the payroll at the end of each pay period, month or quarter. If precise figures are not available, give your best estimate.

**U.S. Reporter's Percentage of Ownership in the Foreign Affiliate: Calculation of ownership percentage** — A U.S. Reporter's ownership interest in a foreign business enterprise may be directly held, indirectly held, or both. It is directly held if the U.S. Reporter itself holds the ownership interest in the foreign business enterprise.

It is indirectly held if the U.S. Reporter holds an ownership interest in another foreign business enterprise that, in turn, owns the given foreign business enterprise. The U.S. Reporter must sum all direct and indirect lines of ownership interest in the foreign business enterprise to determine its ownership interest. Note — An associated group is deemed to be one U.S. Reporter. See **Instruction Booklet, Part II.C**.

A U.S. Reporter's percentage of indirect ownership interest in a given foreign business enterprise is the product of the direct ownership percentage that the U.S. Reporter has in the first foreign business enterprise in the ownership chain, multiplied by that first enterprise's direct ownership percentage in the second enterprise in the chain, multiplied by the direct ownership percentages for all other intervening enterprises in the ownership chain, multiplied by the last intervening enterprise's direct ownership percentage in the given foreign business enterprise.

**Sales or Gross Operating Revenues of Foreign Affiliate** — Report gross operating revenues or gross sales minus returns, allowances, and discounts. Exclude sales or consumption taxes levied directly on the consumer. Exclude net value-added and excise taxes levied on manufacturers, wholesalers, and retailers.

Finance and leasing companies with ISI codes 5221, 5223, 5224, 5229, 5231, 5238, 5252, or 5331 report interest income. Insurance companies with ISI codes 5243 or 5249 report gross investment income. *Dealers in financial instruments and finance, insurance, and real estate companies see **Special Instructions** below.*

**Holding companies** (ISI code 5512) must show total income. ISI code 5512 (holding company), is an invalid primary industry code if more than 50 percent of income generated, or expected to be generated, by the affiliate is from non-holding company activities.
