

Comparison of 2002 NAICS-based ISI codes with 1997 NAICS-based ISI codes

The following table shows how the international surveys industry (ISI) codes based on the 2002 North American Industry Classification System (NAICS) (referred to hereafter as 2002 ISI codes) correspond to the ISI codes based on the 1997 North American Industry Classification System (referred to hereafter as 1997 ISI codes). *Only activities that have new codes for 2002 are shown* The table has four columns:

The first column shows the 2002 ISI code

The second column shows the industry name for the 2002 ISI code

The third column shows the 1997 ISI code(s) that corresponds to the 2002 ISI code

The fourth column shows the industry names for the 1997 ISI codes in the third column

The fifth column shows the 1997 ISI activity for those 1997 ISI codes that only partly correspond to the 2002 ISI code

Consult BEA's Guide to Industry and Foreign Trade Classifications for International Surveys, 2002 for a comprehensive list of activities included in each 2002 ISI industry. The Guide is available on the Internet at <http://www.bea.doc.gov/bea/surveys/be799.pdf>
