**Inspector General Criminal Investigator Academy Programs  
Solicitation for Guest Facilitators**

---

The Inspector General Criminal Investigator Academy (IGCIA) utilizes experienced criminal investigators from the federal Inspector General (IG) community to act as facilitators during several programs, including IG Investigator Training Program (IG-ITP), Basic Non-Criminal Investigator Training Program (BNCITP), Undercover Investigations Training Program (UCITP), and Advanced Interviewing for IG Investigators (AIIGI).

We are currently seeking diverse Special Agent volunteers to facilitate training in this year's programs. **The IG CIA covers all facilitator travel costs.**

Facilitators augment the IG CIA staff by mentoring and assisting the students in an interactive training environment. This experience has proven to be beneficial to the students, the facilitators, the IG CIA staff and the training programs. It also provides an excellent developmental opportunity for participating agents.

Facilitators should have 10 or more years of criminal investigator experience and at least five years in an OIG. Graduation from the Criminal Investigator Training Program (or equivalent) and either the IGITP or the IG Transitional Training Program are prerequisites. Additional requirements apply for facilitators supporting particular programs as follows:

- IG-ITP & BNCITP: Strong leadership, interviewing, and report writing skills;
- UCITP: Extensive experience working in an undercover capacity;
- AIIGI: Strong interviewing skills and techniques, including familiarization with rapport, theme development, and evidence presentations.

Eligible agents must be nominated by their Assistant IG for Investigations (AIGIs) or the agency's Training Officer.

To nominate facilitators or for further information, please contact me or an IG CIA Program Manager as follows:
