P wants to know that S-I  
agreement assuming it comes  
together, will be enforced  
by both US & SO at Geneva.

I will firm contact to G

that we should work for peace  
in NIE - that we would take

no action do

but it is imperative to work together

& under the circumstances will

any policy or tactics be allowed  
to gain advantage <sup>in NIE</sup> over SO in

the aim in any way to divert

us in placing primary emphasis  
on primary of P goal of better

US-Sov relations.

Still convinced that <sup>only if</sup> US-Sov  
work together will there be chance

for lasting peace in our generation

Please convey to B on personal  
eyes only basis.

I am shocked to receive  
reports that authors  
have broken down  
down

I find it personal  
to say to you  
because I thank you  
& submit to me my  
conception of  
distressed effect  
breakdown of the  
talks which means  
of part of  
work in your  
work.

As I have tried personal  
& official journals I  
urge in strongest  
terms that you  
ought to be positive  
as K does not  
break off or re-  
sist in these circum-  
stances.

After this long & cliff  
way back for you &  
colleagues & hope  
what has been raised  
of my toward settlement  
for next to best  
dinner well

eventually had to ~~assess~~  
maintain my position  
for the assessment of US  
policy toward I,  
which is either you  
or I want.
