Type of Information

Hold down the <Ctrl> key to select multiple items

- Financial Assistance
- General Information
- How-To Guides
- Metrics/Assessment Tools
- Research/Case Studies

Within any sustainability issue, you can search for different kinds of information such as technical assistance, how-to guides, training opportunities, or partnership programs

Search

Let's say you want to find financial help to implement a project to lower your energy costs.

US Department of Commerce Sustainable Business Clearinghouse

State

Hold down the <Ctrl> key to select multiple items

- All
- Alabama
- Alaska
- Arizona
- Arkansas

Sustainability Issue

Hold down the <Ctrl> key to select multiple items

- Power Generation (Renewable)
- Product Labeling
- Public Awareness
- Recycling
- Regulations

Industry Sector

Hold down the <Ctrl> key to select multiple items

- All
- Aerospace
- Agriculture
- Automotive
- Building Materials

Type of Information

Hold down the <Ctrl> key to select multiple items

- General Information
- How-To Guides
- Metrics/Assessment Tools
- Research/Case Studies
- Tax Incentives

You might choose "Energy Efficiency" and "Power Generation (Renewable)" as the issues

"All" because incentives and help probably apply to all businesses, rather than companies in a specific industry

And "Financial Assistance" and "Tax Incentives" as the type of information
