SUMMARY OF CHANGE

XVIII Airborne Corps and Fort Bragg Regulation 190-11-1
Privately Owned Weapons, Ammunition Control and Prohibited Weapons

This revision supersedes XVIII Airborne Corps and Fort Bragg Regulation 190-12, Privately Owned Weapons and Ammunition Control and Prohibited Weapons dated 1 December 2004--

- Eliminates the requirement of temporary storage (for newly assigned Soldiers) of weapons at the Fort Bragg Provost Marshals Office and replaces that requirement with storage of weapons in the arms room operated by the Fort Bragg Reception Company or unit of assignment.
- Specifies that all personnel living/staying or transporting weapons on post must register privately owned weapons (POWs) regardless of duration of stay (Chapter 5).
- Identifies registration time frames prior to transporting weapons on post (para 5-4).
- Identifies authorized registration locations: Fish and Game Office, Skeet Range, Soldier Support Center, and Vehicle Registration at the All American Gate (para 5-4).
- Updates Chapter 8.
- Includes map which identifies locations of weapon registration offices (Appendix E).

Military Police

Privately Owned Weapons, Ammunition Control and Prohibited Weapons

FOR THE COMMANDER:

MASON W. THORNAL
COL, GS

Chief of Staff, Task Force-
Bragg

Official:

NAN C. SANDERS
Director of Human Resources

History. This publication replaces XVIII Airborne Corps and Fort Bragg Regulation 190-12, 1 December 2004.

Summary. This regulation provides installation guidance of privately owned weapons, ammunition control and prohibited weapons.

Applicability. This regulation applies to all personnel, military or civilian entering or on the Fort Bragg reservation. For the purposes of this regulation, the Family housing located in Heritage Village in Hoke County is not considered to be on the reservation. However, Heritage Village residents must comply with applicable portions of this regulation when carrying weapons onto the reservation or storing

them on the reservation.

Proponent. The proponent of this regulation is the Provost Marshal Office, IMSE-BRG-ESM, Fort Bragg, NC 28310-5000. The Provost Marshal Office has the authority to approve exceptions to this regulation, consistent with controlling laws and regulations, except in those cases identified herein where exceptions must be approved by the Garrison Commander.

Distribution. This publication is available electronically.

Glossary

Chapter 1

General

1-1. Purpose. This regulation sets policy, responsibilities, and procedures for the control and security of privately owned weapons and ammunition, and identifies prohibited weapons on Fort Bragg.

1-2. References. References are listed at appendix A.

1-3. Explanation of abbreviations and terms. Abbreviations and special terms used in this regulation are explained in the glossary.

1-4. Compliance.

a. Military personnel who fail to comply with this regulation are subject to judicial or non-judicial action under the Uniform Code of Military Justice (UCMJ), or appropriate administrative action.

b. Government employees and civilians who violate this regulation may be subject to prosecution in the United States Magistrate Court, barred from post, referred to civilian authorities, or subject to disciplinary and administrative action according to appropriate civilian personnel regulations.

c. Weapons used, possessed, transported, or stored in violation of this regulation may be temporarily seized or permanently confiscated.

d. It is unlawful for any person to:

- (1) Fail to register, store, or transport a firearm in accordance with (IAW) this regulation.
- (2) Possess an item prohibited by this regulation.

e. In addition to the above, it is prohibited for a Service member to purchase a handgun without first complying with the requirements of Chapter 6 of this regulation.

f. The provisions of this regulation do not replace or relieve individuals of their responsibility to comply with applicable Federal, state, and local laws and statutes regarding possession, purchase, sale, transfer, and transport of weapons.

1-5. Concealed handgun permits. North Carolina law that authorizes licensed individuals to carry concealed handguns does not apply on the Fort Bragg reservation; thus, state-issued concealed handgun permits are not recognized or valid on Fort Bragg. Under no circumstances will the transportation of loaded or concealed handguns, shotguns, or rifles be permitted on Fort Bragg except by duly authorized law enforcement personnel or by military personnel in the performance of their official duties.

Chapter 2 Responsibilities

2-1. Provost Marshal (PM). The Provost Marshal will:

- a. Conduct local records checks on Service members applying for permits to purchase handguns.
- b. Operate and maintain a weapon registry program.

2-2. Commanders. Commanders will:

- a. Secure privately owned weapons and ammunition in unit arms rooms in locked containers separate from military arms, ammunition, and explosives.
- b. Use procedures in AR 710-2, Supply Policy Below the National Level, to account for and inventory weapons and ammunition.
- c. Post the handout, at Appendix B, on unit bulletin boards.
- d. Immediately notify the Military Police (MP) Desk Sergeant upon discovery of a loss of accountability for privately owned firearms stored in the unit arms room.

2-3. Other. Any person with knowledge regarding the loss, theft, or recovery of a privately owned weapon will notify the MP immediately at (910) 907-4813.

Chapter 3 Transportation of firearms on the installation

3-1. Requirements for transporting firearms. No person may transport a firearm on Fort Bragg unless one of the following requirements is met:

- a. The individual is directly transporting (without stopping at intermediate locations) the firearm from or to a place of authorized storage, hunting area, firing range, gun or repair shop, or location authorized in writing by the unit commander; or,
- b. The individual is traversing Fort Bragg from one off-post location to another off-post location using a publicly traveled roadway, without stopping within the confines of the installation.
- c. All weapons will be registered prior to being transported onto Fort Bragg.

3-2. Method for transporting firearms. Firearms will be transported in the following manner:

a. The firearm must be unloaded and transported in a compartment of the vehicle that is inaccessible to passengers in the vehicle. In all cases, ammunition will be transported in a separate compartment from the one in which the weapon is stored. If no inaccessible area exists, the firearm will be unloaded and transported in open view and the ammunition stored separately. A firearm in a closed case is considered in open view if it otherwise complies with the provisions above. In all cases, ammunition will be separate from the firearm.

b. Firearms used for hunting on Fort Bragg ranges, as defined in Fort Bragg Regulation (FB Reg) 200-1-1, may be transported in the passenger compartment of a vehicle as long as they are unloaded and cased, and only while the possessor of the firearm(s) is actively engaged in hunting, as defined in FB Reg 200-1-1. As an exception, muzzleloaders may be transported with a round in the chamber as long as the firearm's firing cap or priming powder is removed, rendering it unable to fire.

c. Firearms left in an unattended vehicle may be confiscated by law enforcement personnel.

Chapter 4

Storage of firearms and other weapons on the installation

4-1. Authorized storage locations for privately owned firearms. Personnel storing privately owned firearms on the installation must use one of only three locations to do so: in Family housing, in unit arms rooms, or temporarily in the arms room located at the Fort Bragg Reception Company. Personnel may not store weapons in any other location; such as vehicles, offices, barracks, unaccompanied personnel quarters, transient quarters, guest houses, the Landmark Inn, the Fisher House, etc.

a. Storage in Family housing. Personnel (including Family members) living/staying in Family housing may store firearms in their quarters, provided the firearms are registered IAW this regulation. Firearms must be stored in either a secured locked container, gun rack, or secured with an approved individual trigger or chamber style gun lock that prevents loading or firing. Ammunition must be stored in a secured locked container. Individuals storing privately owned firearms and ammunition in Family housing will take all reasonable precautions to ensure firearms and ammunition are inaccessible to unauthorized persons and minors.

b. Storage in unit arms rooms. Personnel living or staying in barracks, unaccompanied personnel quarters, transient quarters, guest houses, the Landmark Inn, the Fisher House; etc., must store privately owned firearms and ammunition in the arms room of the unit to which they are, or will be, assigned, attached, or otherwise affiliated (see Appendix C). If they have no unit affiliation, the weapons will not be transported on Fort Bragg.

4-2. Newly arrived or temporary duty (TDY) personnel. Units to which newly arrived or TDY personnel are assigned/attached are responsible for the storage of their weapons and

ammunition in their unit arms room, as specified above. Commanders must ensure their unit standing operating procedures (SOP) addresses receipt and storage of weapons and ammunition after normal duty hours.

4-3. Commander’s discretion. Commanders at all levels have the authority to require any individual within their command to surrender their privately owned firearms and ammunition for storage in the unit’s arms room when, if in their opinion, the continued presence of firearms and ammunition in the Service member’s possession threatens the good order, discipline, or safety of the unit, the individual, or the Family members of the individual in question.

4-4. Summary of authorized firearms storage locations. The following table summarizes the requirements for firearms storage locations.

Table 4-1
Authorized firearms storage locations

#	<u>Personnel Living/Staying Where</u>		<u>Normal Storage Location</u>	<u>Alternate Storage Location*</u>
1	Off-post		Off-post	Unit arms room
2	On post – Family Housing	Normal situations	Family Housing	Unit arms room
		Commander’s discretion	Unit arms room	N/A
3	On post – barracks		Unit arms room	N/A
4	On post – transient quarters**		Affiliated FB unit/ organization	FB Reception Company
<p>*Alternate storage location(s) normally require advance coordination/permission. Contact the applicable commander, unit, individual, etc., to make appropriate arrangements.</p> <p>**Transient quarters include the following Airborne Inn facilities: Moon Hall, Hardy Hall, Forrester Hall, Delmont House, Leal House, and Normandy House.</p> <p>For the purposes of this regulation, the rules for Transient Quarters also apply to Landmark Inn, the Fisher House, and similar facilities.</p>				

4-5. Storage requirements for privately owned weapons other than firearms. Air rifles, air pistols, slings, slingshots, spear guns, cross bows, long bows, compound bows, blowguns, paintball guns, or other projectile launching devices must be stored IAW the storage requirements for firearms specified in Chapter 4 of this regulation. No registration is required. Use of these devices is prohibited except in locations designated by the Garrison Commander. The provisions of Chapter 3 also apply to the transport of these devices. Nothing in this regulation is meant to prevent the official use of any of these devices to aid in unit or individual proficiency training or for hunting/fishing when regulations so permit.

Chapter 5

Fort Bragg firearm registration requirements

5-1. Personnel required to register firearms. Personnel must register privately owned firearms they have on post. This requirement applies regardless of personnel category (military, Family member, guest, unaffiliated civilian, etc.) and regardless of which of the authorized locations (Family housing or unit arms room) is used for storage of the firearms.

5-2. Personnel not required to register firearms. Normally personnel living or staying off-post are not required to register their privately owned firearms. This includes Soldiers and their Family members, civilian employees, retirees, and unaffiliated personnel who live off-post. All personnel will register weapons transported onto Fort Bragg for any purpose.

5-3. Personnel not authorized to register firearms.

- a. Minors may not register firearms on Fort Bragg.
- b. Persons to whom the provisions of the Lautenberg Amendment apply are prohibited from owning firearms.

5-4. Timeframe to register firearms. All personnel residing on Fort Bragg must register all POWs with the Provost Marshals Office (PMO). This registration must occur prior to transporting the weapons onto Fort Bragg. Official and unofficial visitors will register their weapons prior to transporting onto Fort Bragg. Personnel not living on Fort Bragg must register their weapons prior to transporting weapons onto Fort Bragg for hunting, target practice or sporting events. Authorized registration locations include the Fish and Game Office, Skeet Range, Vehicle Registration at the Soldier Support Center, and Vehicle Registration at the All American Gate.

5-5. Procedures to register firearms.

- a. Visit a Vehicle/Weapons Registration Center. Take the following information on each firearm to be registered: caliber, type, serial number, make, model, action, and finish. (**Do not take the firearm into the Registration Center.**)
- b. Upon registration of a firearm, the individual will receive a computer-generated Weapons Registration form (printout). When transporting the firearm on post, they will keep this form on their person as proof of compliance with this regulation and will produce the form when requested by any MP, Federal law enforcement officer, or Fish and Game personnel. It is a violation of this regulation to have inaccurate or misleading data on the form.
- c. As firearms are purchased or sold, or otherwise acquired or disposed of, the individual will return to a Vehicle/Weapons Registration Center immediately to update the record.

5-6. Clearing weapons registration. Service members who have registered their firearms and are leaving Fort Bragg on permanent change of station (PCS) orders or who are separating from

service (such as expiration term of service (ETS) or retirement) will process through a Vehicle/Weapons Registration Center when clearing to clear the firearms from the registration system or to transfer the record to their new installation, as applicable. The Registration Center employee will stamp their clearing papers. Personnel will also visit a Registration Center to update their file if at any time they sell or otherwise dispose of a firearm prior to clearing the installation. Personnel who have registered a firearm on post and who are no longer required to maintain that registration (such as moving from on-post Family housing to off-post housing), may also visit a Registration Center to update their file.

5-7. Firearms registration requirements summary. The following table summarizes the requirements for firearms registration.

Table 5-1
Firearms registration requirements

#	<u>Location of stored firearms/ammunition</u>	<u>Registration Required</u>
1	Off-post	No
2	On post	Yes
3	Transporting on post	Yes

Chapter 6

Purchase of firearms

6-1. Purchase of firearms by Service members. Nothing in this regulation is meant to relieve a Service member of the obligation of following all state and Federal statutes governing the sale, transfer, or possession of firearms (rifles, shotguns, handguns, etc.). Service members must comply at all times with all such regulations.

6-2. Additional procedures for purchase of handguns by Service members. Service members must complete FB Form 1380-E, Application for Authority to Purchase a Handgun (sample at appendix D), prior to the purchase of any handgun. Applicants may obtain a copy of FB Form 1380-E from the Police Records Bureau of the PMO or from the Fort Bragg E-library, <https://airborne.bragg.army.mil/Elibrary>. They will take the completed form to the Police Records Bureau of the PMO. The PMO will perform a criminal history check and note derogatory information on the form.

a. If no derogatory information is found or listed, the Service member will take FB Form 1380-E to the North Carolina Sheriff's Office in their county of residence to obtain a North Carolina Handgun Purchaser's Permit. This action must be completed within five days of the date the PMO performs the criminal history check, as indicated on FB Form 1380-E.

b. If derogatory information is found or listed, the Police Records Bureau will file a copy of FB Form 1380-E, and the Service member will take the original FB Form 1380-E to their

commander. The commander will complete the appropriate section, acknowledging notification of the information. The commander will then make a copy of the form and maintain it in the Service member's file until PCS/ETS. The Service member will then take the original form to the North Carolina Sheriff's Office in their county of residence in order to obtain a North Carolina Handgun Purchaser's Permit. These actions must be completed within five days of the date the PMO performs the criminal history check, as indicated on FB Form 1380-E. Determination for suitability to purchase a handgun is made by the Sheriff's Office.

c. The following table summarizes requirements for purchase of firearms by Service members.

Table 6-1
Firearms purchase requirements for Service members

#	<u>Type of Firearm</u>	<u>Special Purchase Requirements</u>		
1	Rifle or shotgun purchase	No special requirements		
2	Handgun purchase	Present FB Form 1380-E to Police Records Bureau at PMO for background check	<u>Derogatory Information Found and Listed by PMO</u> <u>Police Records Bureau on FB Form 1380-E</u>	
			<u>No</u>	<u>Yes</u>
			Within 5 days, Service member must take FB Form 1380-E directly to the NC Sheriff's Office in county of residence to apply for handgun permit	Within 5 days, Service member must take FB Form 1380-E to their commander, who completes appropriate portion of form, places a copy in Service member's file until PCS/ETS, and gives original to Service member to take to the NC Sheriff's Office in county of residence to apply for handgun permit

Chapter 7

Exceptions

7-1. General exceptions. Nothing in this regulation shall prohibit:

- a. Service members or government employees, while in the performance of official duties, from possessing or using military weapons, military ammunition or explosives, or other military devices, for training, or for other authorized purposes as prescribed by applicable Army Regulations.
- b. Civilian law enforcement personnel, while in the performance of official law enforcement duties, from possessing or using government or privately owned weapons, ammunition, explosives, or other devices in a lawful manner, as prescribed by applicable laws or the orders of lawful superiors.
- c. Government contract employees, while in the performance of their contract, from possessing or using weapons, ammunition, explosives or other devices, IAW the provisions of their contract and as determined by the Contracting Officer. This includes driving to and from their work place, if in uniform.
- d. Individuals with a Class III Federal Firearms License from possessing or transporting Class III weapons, IAW Federal regulations.
- e. Individuals from possessing, carrying, transporting, or storing decorative, ornamental, or ceremonial swords and sabers within the confines of the installation when used strictly for display and ceremonies. When used as a weapon, they become prohibited items.
- f. Authorized carriers of household goods and authorized carriers for the Army and Air Force Exchange Service (AAFES) or Outdoor Recreation from transporting on post any weapon contained in household goods or ordered by AAFES/Outdoor Recreation.
- g. Fort Bragg is Federal property. As such, state-issued concealed handgun permits are not recognized or valid on Fort Bragg. Therefore, persons entering Fort Bragg must comply with all the provisions of this regulation, regardless of whether or not they hold a state-issued concealed handgun permit. This includes all personnel who enter through any access control point (ACP). An exception is granted for personnel holding valid North Carolina Concealed Handgun Permits who directly traverse public highways through Fort Bragg as long as they are not stopping on or within the installation, or going through an ACP. Apart from this, carrying of concealed weapons (of any sort) on Fort Bragg is strictly prohibited.

7-2. Other waivers. The Garrison Commander must grant any other waiver to the requirements of this regulation. Any such request must be made in writing and the approved requests filed with the PMO.

Chapter 8

Prohibited weapons and exemptions

8-1. Prohibited weapons. The following items are prohibited on the Fort Bragg Military Reservation:

- a. Any concealed, two sided knife having a switchblade, automatic opener, or spring loaded blade.
- b. Blackjacks, sappers, nunchaku, cudgel type weapons or clubs, nightsticks, riot batons, homemade clubs, kung fu sticks, garrotes, or other related martial arts weapons. Personnel may possess or use nunchaku and kung fu sticks only in connection with martial arts training, practice, and exhibitions. They will not be used in a threatening manner towards any non-participant and may never be carried in a concealed manner. Personnel residing in the barracks will store item(s) in the unit arms room.
- c. Brass knuckles, "sap gloves," "knuckles," or any other device fitting over or inside of the hand which may be used for the purpose of striking another person, or to amplify the effect of a bare-handed blow.
- d. Homemade percussion-type weapons. Exceptions: percussion-type weapons sold in kit form for assembly and legal for hunting, gun shows, or displays. These weapons, if in firing condition, must be registered.
- e. Pyrotechnics and explosives of any type (other than ammunition for firearms and handguns), including simulators and grenades, except when authorized for military use. Exception: gunpowder and primers for legitimate reloading or muzzle weapons, however, these items will not be maintained in troop barracks.
- f. Shotguns having a barrel less than 18 inches in length.
- g. A weapon made from a shotgun, if such a weapon, when modified, has an overall length of less than 26 inches or a barrel of less than 18 inches in length.
- h. A rifle having a barrel less than 16 inches in length.
- i. A weapon made from a rifle, if such a weapon, when modified, has an overall length of less than 26 inches or a barrel of less than 16 inches in length.
- j. A machine gun not registered with the Federal Government [as defined by Title 26 United States Code Section 5845(b)].
- k. Any pistol or revolver with a smooth bore. Exceptions: a smooth bore weapon sold in kit form for assembly and legal for hunting, gun shows, or displays.

l. Any razor, ice pick, or letter opener carried in a concealed manner. This includes the following items: sword canes, sword umbrellas, automatic batons, penknives, lipstick knives, and any other blade that is disguised to resemble everyday items.

m. Homemade improvised explosive devices.

n. Dummy hand grenades/explosives.

o. Stun guns.

p. TASERs.

q. Biological agents of any type. Exceptions: pepper spray like items is authorized.

r. Nunchakus, throwing stars, throwing spikes, shurikins, swords or crossbows.

s. Loaded firearms. Any weapon with any ammunition in the breech, chamber, cylinder, magazine, or other loading mechanism attached to the weapon shall be considered loaded for the purposes of this regulation.

t. Armor-piercing ammunition. Any ammunition that has been designed, manufactured, or adapted for the purpose of defeating metal armor of any type or soft body armor, such as worn by law enforcement personnel. However, controlled expanding ammunition is allowable when used for hunting purposes, IAW FB Reg 200-1-1. Teflon-coated bullets are prohibited.

u. Silencers. Any device designed or adapted to reduce the noise levels coming from any type of firearm when fired.

v. Automatic weapons. Any firearm capable of firing continuously with only one application of the trigger mechanism using any form of mechanical or gas energy.

w. Other devices. At their discretion, unit commanders can further restrict and/or remove any device intended to function as a weapon but designed or modified in such a way as to conceal its purpose as such.

8-2. Exemptions. Nothing in this regulation shall prohibit the following:

a. Military members or Department of Defense (DOD) civilian employees from possessing fixed or folding bladed knives with a blade length not to exceed five inches, military weapons, military ammunition or explosives in a lawful manner while, hunting, fishing, in the performance of their military duties or for training or other authorized purposes as prescribed by applicable Army Regulations.

b. Individuals from possessing, carrying, transporting, or storing decorative, ornamental, and

ceremonial swords, tomahawks, and sabers within the confines of Fort Bragg when used strictly for display, ceremonies, and or including the practice of martial arts.

Chapter 9 Safety

9-1. Minors. Individuals less than 18 years of age will not transport or use privately owned firearms on the installation unless accompanied by an adult. Minors may not register weapons on Fort Bragg.

9-2. Maintenance of firearms. Individuals will be held responsible for maintaining all privately owned firearms in a safe operating condition so as not to present a hazard to them or others while in use on the installation.

9-3. Special barracks requirements. Individuals will not take privately owned weapons or ammunition into any barracks except in a direct line between the building entrance and the unit arms room.

9-4. Disposition of seized contraband. All privately owned weapons, ammunition, and prohibited items seized pursuant to this regulation will be treated as evidence of a crime. Seized contraband will be processed, IAW Army Regulation 195-5, Evidence Procedures.

Handout/Bulletin Board Item – Privately Owned Firearm FAQs

1. **Who may purchase firearms?** To purchase a handgun in North Carolina, an individual must be 21 years or older. The age at which a person can purchase a shotgun or rifle is 18.

2. **Who may not possess firearms under the provisions of the “Lautenberg Amendment”?** Effective September 30, 1996, 18 U.S.C. § 921(a) was modified to prohibit the possession of firearms and ammunition by anyone convicted of a misdemeanor under Federal or state law or a Special Court Martial which has, as an element, the use or attempted use of physical force, or the threatened use of a deadly weapon, committed by a current or former spouse, parent, or guardian of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabited with the victim as a spouse, parent, or guardian, or by a person similarly situated to a spouse, parent, or guardian of the victim.

3. **Where may privately owned firearms and ammunition be stored on Fort Bragg?** There are 3 authorized storage locations on post for privately owned firearms and ammunition: (1) Family Housing; (2) Unit Arms Rooms; and (3) temporarily in the arms room located at the Fort Bragg Reception Company. Privately owned firearms and ammunition may not be stored in Airborne Inn facilities (Moon Hall, Hardy Hall, Forrester Hall, Delmont House, Leal House, and Normandy House), in other transient quarters (such as the Landmark Inn and the Fisher House), nor in barracks rooms. They may not be left unattended in vehicles.

4. **Who must register firearms on Fort Bragg, and where do I do this?** You must register your privately owned firearms if you will be storing them on post (see above item). Minors may not register firearms. This applies regardless of whether the individual is a resident in Family Housing, lives in the barracks, is here TDY, is a guest, or is present on Fort Bragg for any other reason. Personnel living and storing their firearms off-post do not need to register them. To register firearms, visit a Vehicle Registration Center with the following information for each firearm: caliber, type, serial number, make, model, action, and finish. Do not take the firearm itself to the Vehicle Registration Center – just the information. Keep the computer-generated printout you will receive on your person when transporting the firearm on post.

5. **How are firearms to be transported on Fort Bragg?** Firearms may be transported only directly (without stopping at intermediate locations) from or to a place of authorized storage, hunting area, firing range, gun or repair shop, or location authorized in writing by the unit commander; or, if traversing Fort Bragg from one off-post location to another off-post location using a publicly traveled roadway, without stopping within the confines of the installation. They must be unloaded and in a compartment of the vehicle inaccessible to passengers. If no inaccessible area exists, the firearm will be unloaded and transported in open view. In all cases, ammunition must be transported in a separate compartment from the one where the firearm is. A firearm in a closed case is considered in open view if it otherwise complies with the provisions above. Firearms used for hunting on Fort Bragg ranges, as defined in FB Reg 200-1-1, may be transported in the passenger compartment of a vehicle as long as they are unloaded and cased, and only while the possessor of the firearm(s) is actively engaged in hunting as defined in FB

Reg 200-1-1. As an exception, muzzleloaders may be transported with a round in the chamber as long as the firearm's firing cap or priming powder is removed rendering it unable to fire.

6. I have a state-issued concealed handgun permit, how does that apply on Fort Bragg?

Fort Bragg is Federal property. As such, state-issued concealed handgun permits are not recognized or valid on Fort Bragg. You may not carry concealed handguns (or other concealed weapons) on post.

7. How do I obtain a handgun purchase permit? Prior to purchasing a handgun, a Service member must first complete FB Form 1380 (Application for Authority to Purchase a Handgun) and take it to the PMO Police Records Bureau. Additional information will be provided at that time. The form is available on the web site shown below. This process applies only to handguns; there are no special procedures for shotguns or rifles. Other personnel (Family members, retirees, civilian employees, etc.) do not need to complete this form. They should go directly to the Sheriff's Office in their county of residence.

The above items are synopsisized from various sources and are intended only as a brief summary.

For additional information and copies of this handout, consult FB Reg 190-11-1 and NC Firearms Laws. These are accessible on the web at <http://www.bragg.army.mil/ProvostMarshal/WeaponRegistration.html>, 20 Aug 04 Version.

Appendix C

Procedures for Storage of Privately Owned Weapons in Unit Arms Rooms

1. **Accountability.** Name, rank, and Social Security number of owner; and make, type, caliber, and serial number of the weapon will be entered on the bottom portion of the unit Master Authorization List. Weapons must be tagged with the above data for identification.
2. **Inventories.** Privately owned weapons and ammunition will be inventoried using the same standards and frequency required for government small arms and ammunition.
3. **Storage.** Privately owned weapons and ammunition will be maintained separately from military weapons and ammunition and in approved locked containers securely fastened to a fixed object in the arms room. Individuals will obtain written approval from their commander prior to storage of any privately owned weapon or ammunition in the arms room. The approval will be presented to the armorer, who will retain a copy on file. The unit will sign a DA Form 2062, Hand Receipt, retaining a copy and giving the original to the owner. This document becomes the source document for accountability and inventories. The unit will also issue a DA Form 3749, Equipment Receipt, for each weapon stored in the arms room. As a general rule, storage of ammunition is limited to 50 rounds of ammunition per type of weapon. Soldiers requesting storage in excess of 50 rounds must obtain written approval from the unit commander.
4. **Temporary removal.** Individuals must obtain written authorization from the unit commander prior to removing privately owned weapons from the arms room. This authorization and the DA Form 3749 must be maintained in the arms room whenever a weapon is removed. The commander's authorization will be retained on file for 90 days after the weapon's return. The unit armorer will sign out weapons on FB Form 2488-1E, Weapons and Ammunition Control Sheet/Log.
5. **Permanent removal.** Requests to permanently remove privately owned weapons from unit arms rooms require the commander's written approval. The owner of the privately owned weapon will complete a new DA Form 2062, Hand Receipt, acknowledging receipt of the weapon. The final hand receipt and letter of authorization must be attached to the next monthly serial number inventory and these two documents must be maintained on file for two years.
6. **Visitors.** Official and unofficial visitors to Fort Bragg may withdraw their weapons without prior approval from military authority but must conform to all other aspects of this regulation.

Appendix D
Application for Authority to Purchase a Handgun

FB Form 1380-E is used to apply for authority to purchase a handgun and can be obtained at the PMO Police Records Bureau or on line at https://airborne.bragg.army.mil/elibrary/Docs/Forms/FB_Form_1380E.xfd.

Appendix E Weapon Registration Office Locations

APPLICATION FOR AUTHORITY TO PURCHASE A HANDGUN					
For use of this form, see XVIII Airborne Corps and Fort Bragg Reg 190-11-1; the proponent agency is PMO					
PRIVACY ACT STATEMENT					
AUTHORITY: Title 2, U.S.C. Section 301. PRINCIPAL PURPOSE: To provide information on individuals requesting authority to purchase a handgun. ROUTINE USES: To carry out law enforcement duties. DISCLOSURE: Voluntary. However, authority to purchase a handgun will be withheld from individuals who do not provide information.					
SECTION A - INSTRUCTIONS (Applied to all applicants)					
Applicant will complete Sections B, C, and D, then bring to the Police Records Bureau, Provost Marshal Office (PMO). PMO will complete Section E. If no derogatory information is found, take directly to the Sheriff's Office at your county of residence. If derogatory information is found and annotated, take to your company commander for completion of Section F, then to the Sheriff's Office at your county of residence. You must register any firearm you store on post (e.g., in quarters or a unit arms room) at a Vehicle/Weapons Registration Center.
