Approval of Change of VSTL

Dear Mr. Smith,

EAC is in receipt of your letter dated March 2, 2011 requesting that SLI Global be the new lead VSTL for the Sequoia WinEDS 4.0 test campaign. Because iBeta Quality Assurance is no longer an accredited VSTL and the test campaign is not complete I approve this request. SLI Global is now the lead VSTL for the Sequoia WinEDS 4.0 test campaign. As the lead VSTL SLI Global is responsible for all remaining testing. EAC will await a test plan from SLI Global for the testing that remains. If you have any additional questions please do not hesitate to contact me. Thank you.

Sincerely,
