MEMORANDUM FOR ALL AFGHANISTAN ENGINEER DISTRICT EMPLOYEES

SUBJECT: Policy Letter Regarding Wear of Protective Gear

1. Effectively immediately, and until revoked, in writing, by the undersigned, the following policy will be the standard for all employees working with the US Army Corps of Engineers, Afghanistan Engineer District (AED).
2. All personnel must adhere to the policy regarding wear of protective gear. This includes foot traffic and vehicular movement when riding in any vehicle soft side or armored, when not physically located on a secure military installation.
3. When exiting any AED location, soldiers and civilians will properly wear the following articles for their protection:
 - a. Individual Body Armor (IBA)
 - b. Kevlar helmet
 - c. Protective glasses or goggles
 - d. Gloves
4. Employees not in possession of protective eyewear and gloves will be issued such by S-4, Logistics.

A handwritten signature in cursive script, appearing to read "William E. Bulen".
