GRITTY GULCH FIRE CONTAINED AT THE NEVADA NATIONAL SECURITY SITE

North Las Vegas – Current information on the wildfire at the Nevada National Security Site (NNSS):

NEW INFORMATION

- The fire is 100 percent contained
- Bureau of Land Management completed 24 slurry air drops during the duration of the fire
- Approximately 29 acres burned

PREVIOUS INFORMATION

- Located in a remote area (Area 19) of the 1,360-square-mile site
- Fire most likely started from lightning strike last week
- All personnel have been accounted for
- NNSS Fire and Rescue and Bureau of Land Management (BLM) responded
- No infrastructure has been impacted
- There is no contamination in the area

This is what we know to be the most current information at this time. No further information is expected.
