New Support Services Contract Awarded for Nevada Site Office

A new support services contract has been awarded at the National Nuclear Security Administration's Nevada Site Office. J.G. Management Systems, Inc., of Grand Junction, Colorado, will provide office support under a time and materials contract.

The effective date of this new contract is January 25, 2012. Award price was made at \$3,704,144.30 which includes the base year and four, one-year options.

J.G. Management Systems, Inc. will provide document center support, administrative support, records and central files support, directives management support, and Energy Employee Occupational Illness Compensation Act support.

The contract was formerly held by Ruchman and Associates, Inc.
