Palo Verde High School Wins Nevada Regional Science Bowl Tournament

The Palo Verde High School team of Las Vegas, marched through a 32-team, double-elimination tournament to win the U.S. Department of Energy's Nevada Regional Science Bowl Tournament. Held Saturday, January 30, on the campus of the University of Nevada Las Vegas, the Palo Verde team claimed a trip to Washington D.C. to represent the region and a \$5,000 check for their school.

Placing second and winning a prize of \$2,500 for its school was Douglas County High School of Minden, Nevada.

Third place and a \$1,500 check went to Green Valley High School "Green" team of Las Vegas. The Clark High School "Blue" team of Las Vegas took fourth and won \$1,000 for their school. Other teams that placed in the tournament were:

Fifth Place - \$500

Centennial High School "Blue" team of Las Vegas, Nevada
Carson City High School "Green" team of Carson City, Nevada

Seventh Place \$300

Green Valley High School "Blue" team of Las Vegas, Nevada
Advanced Technologies Academy of Las Vegas, Nevada

Ninth Place - \$100

Coronado High School of Las Vegas, Nevada
Clark High School "Green" team of Las Vegas, Nevada
Bishop Manogue High School of Las Vegas, Nevada
The Meadows School of Las Vegas, Nevada

Teams from Arizona, California, Nevada, and Utah participated in the day-long event. The team from Palo Verde High School will participate in the U.S. Department of Energy's National Science Bowl Competition, April 29 - May 4, 2010, in Washington D.C.
