**CREWS MAKING HEADWAY ON WILDFIRE  
AT THE NEVADA NATIONAL SECURITY SITE**

**North Las Vegas** – Firefighters are making headway to fight the remaining wildfire at the Nevada National Security Site (NNSS):

NEW INFORMATION

- The *Timber Fire*, located in a remote area in the western portion of the site, is now 60 percent contained.
- More than 100 responders (including an additional Hot Shot Crew), a helicopter, and four fixed-wing aircraft are working together to battle the fire.
- Aerial mapping indicates that the *Timber Fire* has burned 3,328 acres, approximately 1,000 less than originally estimated

PREVIOUS INFORMATION

- The *Weston Fire*, which had been burning several miles to the south of the Timber Fire, is now 100 percent contained
- All personnel have been accounted for
- No infrastructure has been impacted
- NNSS Fire and Rescue are responding with assistance from Bureau of Land Management (BLM)
- Lightning caused

This is what we know to be the most current information at this time. Additional information will be provided as it becomes available.
