

United States Department of the Interior

OFFICE OF THE SECRETARY
Washington, D.C. 20240

NOV 27 1992

Honorable Richard LaFromboise
Chairman, Turtle Mountain
Band of Chippewa Indians
Belcourt, North Dakota 58316

Dear Chairman LaFromboise:

On October 28, 1992, we received the Gaming Compact Between the Turtle Mountain Band of Chippewa Indians (Tribe) and the State of North Dakota (State).

We have reviewed the Compact and conclude that it does not violate the Indian Gaming Regulatory Act (IGRA), Federal Law, or our trust responsibility. Therefore, pursuant to my delegated authority and Section 11 of the IGRA, we approve the Compact. The Compact shall take effect when notice of our approval, pursuant to Section 11(d)(3)(B) of the IGRA, is published in the FEDERAL REGISTER.

We note that Section X of the Compact allows for the hiring of individuals who have been convicted of a felony or other gaming offense if that person has made a showing of sufficient rehabilitation. Although the inclusion of this provision does not require that we disapprove the Compact, we could not approve a management contract based upon such a provision. This provision may also be unacceptable under the National Indian Gaming Commission (NIGC) regulations when the NIGC promulgates such regulations and assumes responsibility for approval of gaming contracts. See Memorandum dated March 26, 1992, from Assistant Solicitor, Branch of Tribal Government and Alaska, a copy of which is enclosed.

We further note that the land described in Section 30 of the Compact includes a tract known as the "San Haven Property." We have been advised by our Turtle Mountain Agency that this land is not trust land and is not within the boundaries of the Turtle Mountain Indian Reservation. Therefore, before gaming can be conducted on this land pursuant to this Compact, it must meet the requirements of Section 20 of the IGRA, 25 U.S.C. 2719.

Please be advised that Section 11(d) of the IGRA requires the Chairman of the NIGC to approve tribal ordinances authorizing Class III gaming. On July 8, 1992, the NIGC's proposed regulations to govern approval of Class II and Class III gaming ordinances were published in the FEDERAL REGISTER. Once the regulations become final and are in effect, we expect the NIGC will request submission of existing ordinances for review and approval in accordance with the standards contained in the final regulations. It may be useful for the Tribe to review the proposed regulations to insure that the Tribe's ordinances are consistent with or do not otherwise conflict with NIGC requirements.

We wish the Tribe and the State success in this economic venture.

Sincerely,

/s/ Eddie F. Brown

This Compact is made and entered into this 7th day of October, 1992, by and between the Turtle Mountain Band of Chippewa Indians (hereinafter referred to as the "Tribe") and the State of North Dakota (hereinafter referred to as the "State").

I. RECITALS.

The Tribe is a federally-recognized Indian Tribe, organized pursuant to the Constitution and By-Laws of the Turtle Mountain Band of Chippewa Indians, approved by the Secretary of the Interior and situated on its permanent homeland, the Turtle Mountain Reservation, North Dakota. Pursuant to the Tribal Constitution, the Tribal Council is the governing body of the Tribe with constitutional and federal statutory authority to negotiate with state and local governments.

The State, through constitutional provisions and legislative acts, has authorized games of chance and other gaming activities, and the Congress of the United States, through the Indian Gaming Regulatory Act, Public Law 100-407, 102 Stat. 2426, 25 U.S.C. §2701 et seq. (1988) (hereinafter referred to as the "IGRA"), has authorized the Tribe to operate Class III gaming pursuant to a tribal gaming ordinance approved by the National Indian Gaming Commission and a Compact entered into with the State for that purpose. Pursuant to its inherent sovereign authority and the IGRA, the Tribe intends to operate Class III gaming, and the Tribe and State desire to negotiate a Compact under the provisions of the IGRA to authorize and provide for the operation of such gaming.

NOW, THEREFORE, in consideration of the covenants and agreements of the parties hereinbelow, the Tribe and the State agree as follows:

II. POLICY AND PURPOSE.

The Tribe and the State mutually recognize the positive economic benefits that gaming may provide to the Tribe and to the region of the State adjacent to Tribal lands, and the Tribe and the State recognize the need to insure that the health, safety and welfare of the public and the integrity of the gaming industry of the Tribe and throughout North Dakota are protected. In the spirit of cooperation, the Tribe and the State hereby agree to carry out the terms of the IGRA regarding tribal Class III gaming.

Tribal Law and regulations (hereinafter referred to collectively as "Tribal Law"), this Compact, and the IGRA shall govern all Class III gaming activities, as defined in the IGRA.

19.4 Receipt of Gaming Equipment. All sellers, lessors, manufacturers and/or distributors shall provide, assemble and install all Class III games of chance, gaming equipment and supplies in a manner approved and licensed by the Tribe.

REGULATION AND PLAY OF ELECTRONIC GAMES OF CHANCE.**20.1. Electronic Games of Chance - Definition.**

"Electronic Game of Chance" means a microprocessor-controlled electronic device which allows a player to play games of chance, some of which are affected by skill, which device is activated by the insertion of a coin or currency, or by the use of a credit, and which awards game credits, cash, tokens, or replays, or a written statement of the player's accumulated credits, which written statements are redeemable for cash. The term "electronic game of chance" does not include the operation and play of devices which utilize mechanical or optical sensors to evaluate reel positions when they come to rest after being spun for game play.

20.2 Reporting System. For electronic games of chance, each location shall have an interconnected one-way reporting system, subject to the requirements of Section 20.7(G)(ii) applicable to data collection and downloading of machines at remote locations. The reporting system shall provide for each machine, periodic analytic reports, that record coins in and coins out, calculate actual hold, and compare actual hold to theoretical hold percentages.

20.3 Record Keeping. The reporting system reports shall be prepared as a minimum on a monthly basis and held by the Tribe for a minimum of three (3) years. The reports shall be subject to inspection by an agent of the State pursuant to Section 15.1 of the Compact.

20.4 Display. Game play may be displayed by:

A. Video Facsimile; or

B. Mechanical rotating reels whereby the software of the device predetermines the stop positions and the presence, or lack thereof, of a winning combination and pay out, if any.

20.5 Testing of Electronic Games of Chance.

A. **Testing and Approval of Electronic Games of Chance.** No electronic games of chance may be operated by the Tribe unless the electronic game of chance, or a prototype thereof, has been tested, approved or certified by a Qualified Gaming Test Laboratory as meeting the requirements and standards of this Compact. For purposes of this Compact, a Qualified Gaming Test Laboratory is a laboratory:

(i) Agreed to and designated in writing by the State and the Tribe as competent and qualified to conduct scientific tests and evaluations of electronic games of chance and related equipment; or

(ii) A laboratory operated by or under contract with any State of the United States to conduct scientific tests and evaluations of electronic games of chance and related equipment.

B. Application for Approval of Prototype Electronic Games of Chance. The Tribe shall provide or require that the manufacturer provide to the Qualified Gaming Test Laboratory two copies of electronic game of chance illustrations, schematics, block diagrams, circuit analyses, technical and operation manuals, program object and source codes, hexadecimal dumps (the compiled computer program represented in base-16 format), and any other information requested by the Qualified Gaming Test Laboratory.

C. Testing of Electronic Games of Chance. If required by the Qualified Gaming Test Laboratory, the Tribe shall require the manufacturer to transport not more than two working models of the electronic games of chance and related equipment to a location designated by the laboratory for testing, examination, and analysis. The Tribe shall require the manufacturer to pay for any and all costs for the transportation, testing, examination, and analysis. The testing, examination, and analysis may include the entire dismantling of the electronic games of chance and related equipment and some tests may result in damage or destruction to one or more electronic components of the devices. If required by the laboratory, the Tribe must require the manufacturer to provide specialized equipment or the services of an independent technical expert to assist the testing, examination, and analysis.

D. Report of Test Results. At the conclusion of each test, the Qualified Gaming Test Laboratory shall provide to the State and the Tribe a report that contains findings, conclusions, and a determination that the electronic game of chance and related equipment conforms or fails to conform to the hardware and software requirements of this Compact. If modifications can be made which would bring the electronic game of chance or related equipment into compliance, the report may contain recommendations for such modifications.

E. Modifications of Approved Electronic Games of Chance. No modification to the assembly or operational functions of any electronic game of chance or related equipment may be made after testing and

installation unless a Qualified Gaming Test Laboratory certifies to the State and the Tribe that the modified electronic game of chance conforms to the standards of this Compact.

F. Conformity to Technical Standards. The Tribe shall require the manufacturer or distributor to certify, in writing, to the Tribe and the State that, upon installation, each electronic game of chance placed in a Tribal gaming facility:

(i) Conforms precisely to the exact specifications of the electronic game of chance prototype tested and approved by the Qualified Gaming Test Laboratory; and

(ii) Operates and plays in accordance with the technical standards prescribed in this section.

G. Machine Identification. A non-removable plate shall be affixed to each electronic game of chance. This plate shall have written upon it the machine's serial number, manufacturer, and a unique identification number assigned by the Tribe, and the date the unique identification number was assigned.

20.6 Tribal Reports to State.

A. Installation and Operation. At least forty-eight (48) hours prior to installation of an electronic game of chance, the Tribe shall report to the State the following information for each electronic game of chance, including, but not limited to:

(i) The type of electronic game of chance;

(ii) The game's serial number;

(iii) The game's manufacturer;

(iv) The person from whom the game was acquired; the means by which the game was transported into the State and the name and street address of any common carrier or other person transporting the game;

(v) The certification required;

(vi) The unique identification number assigned by the Tribe;

(vii) The EPROM chip's identification number;

(viii) The location in which the game will be placed; and

(ix) The date of installation.

B. Removal from Play. Upon removal of an electronic game of chance from a tribal gaming facility, the Tribe shall provide to the State specification of:

(i) The date on which it was removed;

(ii) The game's destination; and

(iii) The name of the person to whom the equipment is to be transferred, including the person's street address, business and home telephone numbers; the means by which the game is to be transported and the name and street address of any common carrier or other person transporting the game.

C. Existing Games. The Tribe shall provide, within thirty (30) days after this Compact becomes binding on the parties, a listing of all electronic, electro-mechanical, and mechanical games installed, in service, or operated by the Tribe on or before the date of execution of this Compact which are to remain in service following the execution of this Compact. The listing shall include as to each machine:

(i) The type of electronic game of chance;

(ii) The game's serial number;

(iii) The game's manufacturer;

(iv) The person from whom the game was acquired;

(v) The EPROM chip's identification number; and

(vi) The game's location.

20.7 Hardware Requirements for Electronic Games of Chance.

A. Physical Hazard. Electrical and mechanical parts and design principles of the electronic games of chance may not subject a player to physical hazards.

B. Surge Protector. A surge protector must be installed on the line that feeds power to the electronic game of chance.

C. Battery Backup. A battery backup or an equivalent shall be installed on the electronic game of chance for the electronic meters and must be capable of maintaining the accuracy of all information required by this Compact for one hundred eighty (180) days after power is discontinued from the machine. The backup device shall be kept within the locked microprocessor compartment.

D. On/Off Switch. An on/off switch that controls the electrical current used in the operation of a electronic game of chance and any associated equipment must be located in a place which is readily accessible within the interior of the machine.

E. Static Discharge. The operation of each electronic game of chance must not be adversely affected by static discharge or other electromagnetic interference.

F. Approved Coin and Bill Acceptors. At least one electronic coin acceptor must be installed in or on each electronic game of chance. The devices may also contain bill acceptors for denominations determined by the Tribe. Prior to operation, all models of coin and bill acceptors installed must have been tested and approved in writing by a Qualified Gaming Test Laboratory.

G. Electronic Game Management/Reporting System.

(i) The electronic game of chance shall have an electronic computer system, approved by the Qualified Gaming Test Laboratory, that shall record and maintain essential information associated with machine play and error conditions. This information must be retained for a minimum of thirty (30) days.

(ii) Electronic games of chance utilizing coin drop hoppers are permitted, provided they are monitored by an on-line electronic game management/reporting system which has been approved by the Qualified Gaming Test Laboratory. However, should the Tribe maintain individual machines or clusters of machines apart from a major casino location, all coin hoppers shall be computer monitored with data from such machines being downloaded into the central on-line electronic game management/reporting system at least daily.

(iii) The term "error conditions" as used in this subdivision includes:

(a) Cabinet door open and cash compartment door open.

(b) Coin-in tilt and reverse coin-in tilt.

(c) Hopper empty, hopper jam, or hopper runaway/malfunction.

H. Cabinet Security. The cabinet or interior area of the electronic game of chance shall be locked and not readily accessible.

I. Repairs and Service. An authorized agent or employee of the Tribe may open the gaming cabinet to effect repairs and service, but shall do so only in the presence of another Tribal agent or employee.

J. Microprocessor Compartment. The compartment containing the microprocessor-controlled device within the cabinet of the electronic game of chance must be locked and sealed, and unlocked by a different key than the key which unlocks the cabinet or cash compartment. The compartment may only be opened in the presence of a tribal official or a security officer appointed by the Tribe. The key to the microprocessor compartment shall be kept by the Tribe in a secure place.

K. Secure Electronic Components.

(i) Logic Boards and software Erasable Programmable Read Only Memory (EPROM) chips and other logic control components shall be located in a separate compartment within the electronic game of chance and that compartment shall be sealed and locked with a different key or combination than that used for the main cabinet door, and cash compartment.

(ii) Upon installation, the Tribe shall affix or cause to be affixed to the EPROM chip of each electronic game of chance a strip of security tape, capable of evidencing the removal of the EPROM chip if the EPROM chip is removed from the circuit board. The security tape shall be secured and available only to the authorized personnel of the Tribe. The Tribe shall maintain accurate and complete records of the identification number of each EPROM chip installed in each electronic game of chance.

L. Secure Cash Compartment. The coins and currency compartment shall be locked separately from the main cabinet area, and secured with a different key or combination than used for the main cabinet door, except that a separate cash compartment shall not be required

for coins necessary to pay prizes in a machine which pays prizes through a drop hopper as permitted in this section. Cash compartment keys must be kept in a secure location. Except as provided in this section, the compartment in which the inserted coins and bills are deposited shall be locked at all times. An employee or official of the Tribe may open the cash compartment in the gaming cabinet for the purpose of collecting the accumulated cash. The person collecting the accumulated cash shall record the amount collected.

M. Hardware Switches Prohibited. No hardware switches may be installed on an electronic game of chance or on any associated equipment which may alter the pay tables or payout percentages in the operation of the gaming device. Hardware switches may be installed to control the machine's sound.

N. Printing of Written Statement of Credits. Each electronic game of chance which awards credits or replays but not coins or tokens shall allow the player to request a written statement upon completing play. Upon printing a written statement, the printer must retain an exact, legible copy of the written statement within the machine.

O. Operation of Part of a Network. The hardware requirements of this subsection shall not be construed to prevent the operation of the electronic game of chance as part of a network with an aggregate prize or prizes; provided:

(i) An electronic game of chance capable of bi-directional communication with external associated equipment must utilize communication protocol which insures that erroneous data or signals will not adversely affect the operation of the game. The operation of the local network must be approved by the Qualified Gaming Test Laboratory; and

(ii) Where the network links the Tribe's electronic games of chance to tribal games of chance on other Indian reservations, each Tribe participating in the network shall have in force a Class III gaming compact authorizing such gaming as part of a network and all segments of the network shall utilize security standards agreed between the Tribe and the Executive Director of the State which are at least as restrictive as those used by the State for its on-line games.

20.8 Software Requirements for Video Games of Chance.

A. Randomness Testing. Each electronic game of chance must have a true random number generator that will determine the occurrence of a specific card, symbol, number, or stop opposition to be displayed on the electronic screen or by the mechanical rotating reels. A selection process will be considered random if it meets all of the following requirements:

(i) Chi-Square Analysis. Each card, symbol, number, or stop position which is wholly or partially determinative satisfies the 99 percent confidence limit using the standard chi-square analysis.

(ii) Runs Test. Each card, symbol, number, or stop position does not as a significant statistic produce predictable patterns of game elements or occurrences. Each card, symbol, number, or stop position will be considered random if it meets the 99 percent confidence level with regard to the "runs test" or any generally accepted pattern testing statistic.

(iii) Correlation Analysis. Each card, symbol, number, or stop position is independently chosen without regard to any other card, symbol, number or stop position, drawn within that game play. Each pair of card, symbol, number, or stop position is considered random if they meet the 99 percent confidence level using standard correlation analysis.

(iv) Serial Correlation Analysis. Each card, symbol, number, or stop position is independently chosen without reference to the same card, number, or stop position in the previous game. Each card, number, or stop position is considered random if it meets the 99 percent confidence level using standard serial correlation analysis.

(v) Live Game Correlation. Video games of chance that are representative of live gambling games must fairly and accurately depict the play of the live game.

B. Software Requirements for Percentage Payout. Each electronic game of chance must meet the following maximum and minimum theoretical percentage payout during the expected lifetime of the game:

(i) Video games that are not affected by player skill shall pay out a minimum of eighty (80%) percent and no more than one hundred (100%) percent of the amount wagered. The theoretical payout percentage

will be determined using standard methods of probability theory;

(ii) Video games that are affected by player skill, such as electronic draw poker and blackjack, shall pay out a minimum of eighty-three (83%) percent and no more than one hundred (100%) percent of the amount wagered. This standard is met when using a method of play that will provide the greatest return to the player over a period of continuous play.

C. Minimum Probability Standard for Maximum Payout. Each electronic game of chance must have a probability of obtaining the maximum payout which is greater than 1 in 17,000,000 for each play.

D. Software Requirements for Continuation of Game After Malfunction. Each game must be capable of continuing the current game with all current game features after a game malfunction is cleared. This provision does not apply if a game is rendered totally inoperable; however, the current wager and all player credits prior to the malfunction must be returned to the player.

E. Software Requirements for Play Transaction Records. Each game must maintain a electronic, electro-mechanical, or computer system, approved by the Qualified Gaming Test Laboratory, that shall record and maintain essential information associated with machine play. This information must be for a minimum of thirty (30) days, regardless of whether the machine is being supplied with power.

F. No Automatic Clearing of Accounting Meters. No game may have a mechanism by which an error will cause the electronic accounting meters to automatically clear. All meter readings must be recorded and dated in the presence of a tribal official both before and after the electronic accounting meter is cleared.

G. Display of Information. The display information required shall be kept under glass or another transparent substance and at no time may stickers or other removable devices be placed on the machine face.

H. Rules Display. The machine shall display:

(i) The rules of the game prior to each game being played;

(ii) The maximum and minimum wagers, the amount of credits which may be won for each winning hand or combination of numbers or symbols; and

(iii) The credits the player has accumulated.

Provided, however, in the case of an electronic game of chance with a mechanical display, the information required shall be permanently affixed on the game in a location which is conspicuous to the player during play.

XXI. TRANSITIONAL PROVISION.

Electronic, electro-mechanical, and mechanical games of chance in play prior to the execution of this Compact must be tested and approved by a Qualified Gaming Test Laboratory and reported to the Tribe and the State within one hundred twenty (120) days of the approval of this Compact by the United States Secretary of Interior. Notwithstanding the foregoing, if these games cannot comply with the technical standards of this Compact within the one hundred twenty (120) day period due to circumstances beyond the control of the Tribe, these games shall be brought into compliance or replaced with complying equipment at the earliest date possible, but in no instance later than two hundred seventy (270) days after the Tribe's execution of this Compact. New complying machines introduced pursuant to this compact after one hundred twenty (120) days of the approval of this compact by the United States Secretary of Interior shall be regarded as replacements for existing non-complying machines, if any, and the non-complying machines shall be withdrawn from play in equal number until all such non-complying machines are withdrawn.

XXII. AMENDMENTS TO REGULATORY AND TECHNICAL STANDARDS FOR ELECTRONIC GAMES OF CHANCE.

The State and the Tribe acknowledge the likelihood that technological advances or other changes will occur during the duration of this Compact that may make it necessary or desirable that the regulatory and technical standards set forth in Sections 20.6 and 20.7 for electronic games of chance be modified to take advantage of such advances or other changes in order to maintain or improve game security and integrity. Therefore any of the regulatory or technical standards set forth in Sections 20.6 and 20.7 may be modified for the purposes of maintaining or improving game security and integrity by mutual agreement of the North Dakota Attorney General and the Tribal Council upon the written recommendation

and explanation of the need for such change made by either party.

XXIII. REGULATION AND PLAY OF TABLE GAMES.

23.1 Gaming Table Bank. The Tribe shall maintain at each table a gaming table bank, which shall be used exclusively for the making of change or handling player buy-ins.

23.2 Drop Box. The Tribe shall maintain at each table a game drop box, which shall be used exclusively for rake-offs or other compensation received by the Tribe for maintaining the game. A separate game drop box shall be used for each shift.

23.3 Gaming Room Bank. The Tribe shall maintain, at each location at which table games are placed, a gaming room bank, which shall be used exclusively for the maintenance of gaming table banks and the purchase and redemption of chips by players.

23.4 Rules to be Posted. The rules of each game shall be posted and be clearly legible from each table and must designate:

A. The maximum rake-off percentage, time buy-in or other fee charged.

B. The number of raises allowed.

C. The monetary limit of each raise.

D. The amount of the ante.

E. Other rules as may be necessary.

XXIV. INSPECTION.

24.1 Periodic Inspection and Testing. Tribal officials, agents or employees shall be authorized to periodically inspect and test any tribally licensed electronic games of chance. Any such inspection and testing shall be carried out in a manner and at a time which will cause minimal disruption of gaming activities. The Tribal Gaming Commission shall be notified immediately of all such inspection and testing and the results thereof.

24.2 Receipt of Reports of Non-compliance. The Tribe shall provide for the receipt of information by the State as to machines believed to not be in compliance with this Compact or not to be in proper repair. Upon its receipt of such information the Tribe shall

reasonably inspect or arrange for the inspection of any identified machine and shall thereafter undertake and complete, or commission the undertaking and completion of such corrective action as may be appropriate.

24.3 State Inspection of Operations. Agents of the State of North Dakota, or their designated representatives, shall upon the presentation of appropriate identification, have the right to gain access, without notice, during normal hours of operation, to all premises used for the operation of games of chance, or the storage of games of chance or equipment related thereto, and may inspect all premises, equipment, daily records, documents, or items related to the operation of games of chance in order to verify compliance with the provisions of this Compact. Agents of the State making inspection shall be granted access to non-public areas for observations upon request. The Tribe reserves the right to accompany State inspectors within non-public areas. The Tribe shall cooperate as to such inspections. Inspections shall be conducted, to the extent practicable, to avoid interrupting normal operations. Any costs associated with such inspection shall be covered from the Escrow Account for State Expenses established and maintained pursuant to Section XXV of this Compact.

24.4 Inspection of Electronic Games of Chance. The State may cause any electronic game of chance in play by the Tribe to be inspected by a Qualified Gaming Test Laboratory or examiner. Inspections shall be conducted, to the extent practicable, to avoid interrupting normal operations. Any costs associated with inspection shall be covered from the Escrow Account for State Expenses established and maintained pursuant to Section XXV of this Compact. The Tribe shall cooperate in such inspection. Upon completion of such testing, test results shall be provided to both the State and the Tribe.

24.5 Removal and Correction. Any machine confirmed to be in non-compliance with this Compact shall be removed from play by the Tribe and brought into compliance before reintroduction.

XXV. ESCROW ACCOUNT FOR STATE EXPENSES.

25.1 Escrow Fund. The Tribe shall establish an escrow fund at a bank of their choosing with an initial contribution of Fifteen Thousand and no/100 (\$15,000.00) dollars to reimburse the State for the expenses specifically named for reimbursement in this Compact and for participation in legal costs and fees incurred in

defending, with the concurrence of the Tribe, third party challenges to this Compact. The Tribe shall replenish the said escrow account as necessary and agree that the balance in the said escrow account will not drop below the sum of seven thousand five hundred and no/100 (\$7,500.00) dollars.

25.2 Procedure. The payments referenced above shall be made to an escrow account from which the State may draw as hereinafter provided. The State shall bill the Tribe the reasonable, necessary, and actual costs related to obligations undertaken under this Compact. The State shall send invoices to the Tribe for these services and shall thereafter be permitted to withdraw the billed amounts from the escrow account under the circumstances provided in this section. The Tribe shall be advised in writing by the State of all withdrawals from the Escrow Account and as to the purpose of such withdrawal.

25.3 Tribal Challenge. If the Tribe believes that any expenses for which the State has billed the Tribe under this section, or actions which the State proposes to undertake and charge the Tribe for, are unnecessary, unreasonable or beyond the scope authorized by this Compact, the Tribe may invoke any of the Dispute Resolution procedures specified in Section XXVII below. In such event, the provisions set forth above shall remain in full force and effect pending resolution of the complaint of the Tribe. However, if it is determined that any expense charged against the Tribe is not necessary, not reasonable and/or is not within the scope of this Compact, the State shall reimburse the Tribe any monies withdrawn from escrow to meet such expense.

25.4 Termination of Escrow. Any monies that remain on deposit at the time this Compact, including all extensions thereof, concludes, shall be reimbursed to the Tribe.

XXVI. IGRA REMEDIES PRESERVED.

Nothing in this Compact shall be construed to limit the rights or remedies available to the parties hereto under the IGRA.

XXVII. DISPUTE RESOLUTION.

27.1 If either party believes that the other party has failed to comply with any requirement of this Compact, it shall invoke the following procedure:

A. The party asserting the non-compliance shall serve written notice on the other party. The notice shall identify the specific statutory, regulatory or Compact provision alleged to have been violated and shall specify the factual basis for the alleged non-compliance. The State and Tribe shall thereafter meet within thirty (30) days in an effort to resolve the dispute.

B. If the dispute is not resolved to the satisfaction of the parties within ninety (90) days after service of the notice set forth, either party may pursue any remedy which is otherwise available to that party to enforce or resolve disputes concerning the provisions of this Compact, including:

(i) Arbitration pursuant to the specifications set forth in this section.

(ii) Commencement of an action in the United States District Court for the District of North Dakota.

(iii) Any remedy which is otherwise available to that party to enforce or resolve disputes concerning the provisions of this Compact.

27.2 In the event an allegation by the State asserting that a particular gaming activity by the Tribe is not in compliance with this Compact, where such allegation is not resolved to the satisfaction of the State within ninety (90) days after service of notice, the State may serve upon the Tribe a notice to cease conduct of such gaming. Upon receipt of such notice, the Tribe may elect to stop the gaming activity specified in the notice or invoke one or more of the additional dispute resolution procedures set forth above and continue gaming pending final determination.

27.3 In the event an allegation by the Tribe is not resolved to the satisfaction of the Tribe within ninety (90) days after service of the notice set forth above, the Tribe may invoke arbitration as specified above.

27.4 Any arbitration under this authority shall be conducted under the rules of the American Arbitration Association, except that the arbitrators will be selected by the State picking one arbitrator, the Tribe a second arbitrator and the two so chosen shall pick a third arbitrator. If the third arbitrator is not chosen in this manner within ten (10) days after the second arbitrator is picked, the third arbitrator will be chosen in accordance with the rules of the American Arbitration Association.

XXVIII. EFFECTIVE DATE.

This Compact shall become effective upon execution by the Chairperson of the Tribe and the Governor of the State, approval by the Secretary of the Interior, and publication of such approval in the Federal Register pursuant to the IGRA.

Thereafter the State shall negotiate with the Tribe in good faith concerning the terms of a successor compact (see sec. 11(d)(3)(A) of the Act).

29.5 **Litigation.** If a successor compact is not concluded by the expiration date of this Compact, or any extension thereof the Tribe may commence action in the United States District Court pursuant to Section 11(d)(7) of the Act, or such other authority as may be applicable, in which event this Compact shall remain in effect until the procedures set forth in Section 11(d)(7) of the Act, or such other authority as may be applicable, are exhausted, including the resolution of any appeal.
