COMMISSION

Jerry Meninick, Chairman
Confederate Tribes and Bands of the
Yakama Indian Nation
P.O. Box 151, Fort Road
Toppenish, Washington 98948

Dear Chairman Meninick:

This letter responds to your request to review and approve the tribal gaming ordinance adopted on May 12, 1994, by the Confederate Tribes and Bands of the Yakama Indian Nation (Nation). This letter constitutes such approval under the Indian Gaming Regulatory Act (IGRA).

Under the IGRA and the regulations of the National Indian Gaming Commission (NIGC), the Chairman is directed to review ordinances with respect to the requirements of the IGRA and the implementing regulations. Thus, the scope of the Chairman's review and approval is limited to the requirements of the IGRA and the NIGC regulations. Provisions other than those required under the IGRA or the NIGC regulations that may be included in a tribal ordinance are not subject to review and approval. Such approval does not constitute approval of specific games. Also, the gaming ordinance is approved for gaming only on Indian lands as defined in the IGRA. *Act*

The Nation has indicated that it wishes to utilize the NIGC to process the fingerprint cards through the Federal Bureau of Investigation. Before the NIGC can provide this service, the Nation must complete and return the enclosed Memorandum of Understanding. Additionally, the Nation designated the chairperson of the tribal gaming commission as its agent for service of process. Please transmit the name and address of that person to the NIGC for our records.

With the Chairman's approval of the Nation's gaming ordinance, the Nation is now required to conduct background investigations on its key employees and primary management officials. The NIGC expects to receive a completed application for each key employee and primary management official pursuant to 25 C.F.R. § 556.5(a) and an investigative report on each background investigation before issuing a license to a key employee or primary management official pursuant to 25 C.F.R. § 556.5(b).

Thank you for submitting the ordinance of the Confederate Tribes and Bands of the Yakama Nation for review and approval.

The NIGC staff and I look forward to working with you and the Nation in implementing the IGRA.

Sincerely yours,

Anthony J. Hope

Such licenses shall specify the hours of operation, type and scope of Gaming Activities allowed therein, permitted uses of the facility for other activities, rules of conduct for employees and patrons, food handling and entertainment, and such other matters as the Gaming Commission may deem necessary to the conduct of Gaming Activities therein.

b. Protection of Environment and Public. Any construction or maintenance of any gaming facility, and the operation of gaming therein, shall be conducted in a manner which adequately protects the environment and the public health and safety.

c. Dispute Resolution. Patrons who have complaints against the gaming establishment shall have as their sole remedy the right to file a petition for relief with the Gaming Commission. For such purposes, disputes with any management contractor or its employees shall be made to the Gaming Commission, and such shall be the exclusive remedy for patron complaints. Section 11. Licenses.

a. Licensing Requirements. It is the declared policy of the Nation that all Gaming Activities be licensed and controlled so as to protect the peace, dignity, and welfare of Members and other persons on the Reservation and to preserve the honesty, fairness and integrity of such Gaming Activities. Accordingly, no person or entity shall provide goods or services to, or be employed to conduct, be associated with, supervise, or manage any Class II or Class III Gaming Activities on the Reservation without an appropriate and valid independent Class II or Class III gaming license issued by the Gaming Commission. Any gaming license which is issued, or finding of suitability or approval by the Gaming Commission, shall be deemed a privilege subject to suspension or revocation. No license shall be issued that would place the Nation in violation of a compact to which the Nation is a party, or of any applicable law.

b. Burden on Applicant. The burden of proving an applicant's qualification to receive any license hereunder is at all times on the applicant. Applicants must accept any risk of adverse public notice, embarrassment or other action which may result from the application process and expressly waive any claim for damages as a result thereof.

c. Applicant Claim of Privilege. An applicant may claim any privilege afforded by law in connection with a gaming license application or investigation, but a claim of

privilege with respect to any testimony or evidence pertaining thereto may constitute sufficient grounds for denial, suspension or revocation.

d. Release of Information. All persons applying for a license shall agree to release all information necessary in order for the Gaming Commission to achieve its goals under this Ordinance, and to furnish such information to the NIGC, and to such other governmental agency as may be required by law.

e. Types of Licenses. Three classes of licenses (Class A, Class B, and Class C) shall be issued to persons and entities associated with Gaming Activities or the gaming facility.

(1) Class A Licenses. Before permitting any person to become permanently associated with the Gaming Activities as an investor, management entity, or other person owning or controlling ten percent (10%) or more of any interest in any management entity; or any Primary Management Official; Key Employee; Closely Associated Independent Contractor; or other individual or entity with influence over the management or operation of the gaming; and, unless otherwise exempted, a Gaming Contractor, such person shall obtain a Class A license. Those who do not meet the qualifications established shall be denied a Class A license. The Gaming Commission shall conduct or cause to be conducted a background investigation to determine if such person has:

(a) Any criminal record or any reputation, prior activities, habits or associations which might pose a threat to the public interest or to the effective regulation of gaming.

(b) Anything else in their background which might create or enhance the dangers of unsuitable, unfair, or illegal practices and methods and activities in the conduct of gaming.

(2) Class B Licenses. Persons who are not among those identified in subsection (1) above, but are to be employed at a gaming facility on the Reservation in another gaming related activity or, at the sole discretion of the Gaming Commission, in non-gaming related activities, shall be required to obtain a Class B license from the Gaming Commission. Such persons must establish that they have not been convicted of a crime, or engaged in any activity, which the Gaming Commission in its sole discretion deems would render such person a danger to the safety or integrity of the Gaming Activities or the safety or property of the Nation, any Member, any gaming employee or patron, or the public.

(3) Class C Licenses. Minors (persons under 18 years of age) employed at a gaming facility on the Reservation may be issued a Class C license, which will entitle them to work in positions for which a Class B license would otherwise be required and in which minors are not otherwise prohibited by law from working. The Gaming Commission will first determine that the minor receiving a Class C license does not pose any threat to the safety or integrity of the Gaming Activities or the safety or property of the Nation, any Member, any gaming employee or patron, or the public. Such licenses shall be valid for no more than six (6) months before renewal, and shall be revoked upon the minor's reaching the age of eighteen (18), at which time a Class A or B license, as may be appropriate, will be required. Minors shall not be employed as dealers or otherwise to operate or supervise the operations of games.

f. Class A and Class B License Renewal Revocation, and Suspension.

Class A and Class B licenses shall be subject to renewal at least every two (2) years. Licenses may be revoked or suspended upon the occurrence of any act which, if known during the application process, or becomes known thereafter, would have tended to disqualify such person for such a license.

g. Temporary Licenses. Pending completion of an investigation for a license, temporary licenses of no more than ninety (90) days duration may be issued by the Gaming Commission if, in its sole discretion, it deems it appropriate to do so. Under no circumstances will the Gaming Commission issue more than two (2) temporary licenses to an individual or entity in any two (2) year period. Such licenses shall permit the licensee to engage in such activities pursuant to such terms and conditions as may be specified by the Gaming Commission. Such temporary licenses shall expire ninety (90) days from date of issuance, upon issuance of a regular license, or until an earlier specified expiration date, whichever occurs first.

h. License Investigations. The Gaming Commission may employ all reasonable means, including the engagement of outside services and investigators and the holding of hearings, to acquire the information necessary to determine whether or not a license should be issued. Applicants shall also agree to release all information necessary in order for the Gaming Commission to achieve its goals under this section and to furnish such information to the NIGC and to such other agency as may be required by law.

i. License Fees. Unless specifically waived by the Gaming Commission, all persons applying for a Class A, B or C license shall be required to pay all applicable license fees and costs when due, including the reasonable cost for regulation and monitoring of licensees, and including a reasonable deposit for costs incurred in obtaining information in connection with the license application. Estimates of licensing costs shall be provided to applicants upon request. Unless specifically waived by the Gaming

Commission, payment for all fees and costs must be received by the Gaming Commission prior to issuance of the license.

j. Standards. All persons engaged by or associated with any Gaming Activity on the Reservation shall conduct themselves with honesty, integrity, and with such decorum and manners as may be necessary to reflect positively on the Nation, its members and the Gaming Activities involved. Any failure to abide by such standards, or a violation of any rule, ordinance, custom or tradition of the Nation, the Reservation or the Gaming Activities, or the terms or conditions of the license, may be grounds for immediate suspension or revocation of any license issued hereunder.

k. Appeals. All decisions of the Gaming Commission regarding the issuance, suspension, or revocation of licenses shall be final and effective when issued; provided, within fifteen (15) days of the receipt of the written decision regarding denial, suspension, or revocation of the license, the applicant may file a petition for reconsideration with the Gaming Commission. Any Member who is denied a license by the Gaming Commission may, within thirty (30) days of the receipt of the written notice of such denial, appeal the denial to the Gaming Commission, which shall have the power to reverse its prior decision and order that such license be issued. Licenses issued by the Gaming Commission as a result of such appeal shall be issued for no more than one year, and are subject to the renewal procedures set forth herein. No decision of the Gaming Commission that a license be issued shall be valid if such issuance would place the Nation in violation of a compact to which the Nation is a party, or of any applicable law.

l. Background Investigations.

(1) The Gaming Commission shall request from each Primary Management Official and each Key Employee all of the information specified in subsections (a) through (n) below. Each other applicant for a Class A, Class B or Class C license shall submit such information as the Gaming Commission, in its sole discretion, deems appropriate for the position sought by applicant. The Gaming Commission reserves the right, at any time, to request additional information either prior to, during, or subsequent to any background investigation.
