1. The diskette or CD-ROM must be formatted for IBM compatible personal computers. The following diskette and CD-ROM formats will be accepted:
 - 3-1/2 high density, 1.44M formatted capacity
 - CD-R or equivalent recordable compact disc
2. The CRA data should be contained in a file named: **cRID_Agency_Year.dat or cRID_Agency_Year.enc**
 - The file must be the only file on the diskette or CD-ROM.

The PC Diskette or CD-ROM file may contain six types of records per respondent:

- 3 = Transmittal Sheet
- 4 = Composite Small Business
- 5 = Composite Small Farm
- 6 = Community Development
- 7 = Consortium/Third Party (Optional)
- 8 = Assessment Area

IT IS REQUIRED THAT RECORD IDENTIFIERS 3, 6, AND 8 BE INCLUDED IN ANY CRA DATA SUBMISSION. Small business and small farm records should be included if applicable. Consortium/third party records are optional. (Micro data records should **NOT** be included.)

3. The CRA data file must be in ASCII format, containing carriage return/line feed (0D0A in HEX or ASCII char (13) and char (10)) characters at the end of each record. There should not be an end-of-file mark, return or null values (00 in HEX or ASCII char (0)) contained in the file.
4. The record format is fixed; the fields contained in the record should not be delimited. In addition, the record should not be enclosed in double quotes (").

7. All diskettes and CD-ROMs submitted should be virus-free.

Submission via Web, Internet E-mail and File Encryption Instructions

The following information describes the procedures for a successful CRA submission via Web or Internet E-mail. Also included are the procedures for encrypting your CRA submission if the file is generated outside of the FFIEC CRA Data Entry Software.

Submission via Web

The Submission via Web is the new secure option for transmitting your CRA data to your regulatory agency. Submission via Web transmits your data to your regulatory agency in ONE step, rather than encrypting your submission file, attaching the encrypted file to an e-mail and submitting the e-mail via Internet. Submission via Web requires an Internet connection.

- **Download** a free copy of the CRA Data Entry Software at <http://www.ffiec.gov/cra/softinfo.htm>
- After successful **installation** of the software, open the software. Initial access into the software will require a validity-free Transmittal Sheet to be completed in its entirety, or the successful import of an existing .DAT file that contains your CRA micro data.
- Following the completion of the submission, perform a **Batch Edit** prior to submitting the data. If errors are detected, print an Error Report to identify the loan/application records in error and correct the erroneous data. CRA data containing errors cannot be submitted to your regulatory agency using Submission via Web.
- Click **Export** from the CRA Front Page and **review** the 'Did You Know' screen and choose Continue with Export
- Select **Submission via Web** on the Export options window and click **OK** to continue the Submission via Web
- Review the **Submission via Web** notification and choose Continue
- Click the **Begin** button to start the submission process. If you choose to begin the export, a question will appear to verify if you are ready to transmit your submission to your regulatory agency. Choose **Yes** if you are ready to transmit your CRA data, click Continue to continue the export process
- Click OK on the Warning Page if the information provided is correct
- The **CRA Data Entry Software** will report the progress of the transmission. At the successful completion of the data transmission, the user will receive a 'Transmission Successful' message. This message will contain pertinent submission information and should be printed for future reference. Click **Print** to print the notification.

Internet E-mail

- Download a free copy of the CRA Data Entry Software at <http://www.ffiec.gov/cra/softinfo.htm>
- After successful installation of the software, open the software.
- Once all submission data are entered, perform a Batch Edit prior to Exporting the data. If errors are detected, print an Error Report to identify the loan/application records in error and correct the erroneous data. CRA data containing errors cannot be exported via e-mail.
- Once the submission is error free, choose the Export option from the Front Page. A message will appear titled “Did you know?”, click “Continue with Export”.
- For export options, choose the option, “To Regulatory Agency Via Internet E-mail” and click “OK”.
- The file path indicating the location of the file that should be attached to the e-mail submission will be provided. The Path is C:\CRA Data Entry Software 2013\CRASubmission\cRID_Agency_year.enc. Confirm the current year submission and choose “Begin”.
- A warning message will appear containing pertinent submission contact information. If this information is correct, choose “Continue”. If the information is incorrect, choose “Cancel” and correct the information.
- The Export Status will create the exported file to the path stated above. A message box, titled “Encryption Complete” will appear. **PRINT this message.** The message contains further instructions as well as the e-mail address for your submission. “Close” the box. You have successfully created the **cRID_AGENCY_YEAR.ENC** file for Internet submission.
- Address an e-mail for submission with the correct e-mail address stated in the printed message above: crasub@frb.gov.

In the subject line of the e-mail type the following information:

- Respondent ID
- Agency Code
- Initial Submission or Complete Resubmission

In the body of the e-mail type the following information:

- Institution Name
- Contact Name
- Contact Phone

ATTACH the cRid_Agency_Year.enc to the e-mail and send the e-mail.

- You will receive an automatic response to confirm receipt of your file within 48 hours. Save this e-mail for future reference. If you do not receive a response within 48 hours, contact crahelp@frb.gov or the CRA Assistance Line at **202-872-7584**. All inquiries regarding CRA should include the following information:
 - Respondent ID
 - Agency Code
 - Institution Name
 - Contact Name and Phone and/or E-mail

File Encryption

- Institutions utilizing other vendor's software for CRA reporting can still take advantage of the Internet Email option.
- After successful installation of the Data Entry Software, Click on “Start”, “Programs”, “CRA Data Entry Software”, “Encryption Utility”. A warning message will appear to inform you that this software does not connect to the Internet. Click “OK” to continue.
- Next you will need to locate your CRA data file for encryption. If you are using a software package other than the FFIEC Data Entry Software, your data file may be named something other than cRid_Agency_Year.dat. Please refer to your vendor documentation to determine the name and file location of your CRA data file.
- Click the “Begin Process” button to start the encryption process. Once the process is completed, a new file named **cRID_AGENCY_YEARx.ENC** will be created. A message box, titled “Encryption Complete” will appear. **PRINT this message.** The message contains further instructions as well as the email address for your submission. “Close” the box. You have successfully created the **cRID_AGENCY_YEARx.ENC** file for Internet submission.

Address the e-mail for submission to crasub@frb.gov and attach the encrypted file to the message before sending the e-mail. Please include all contact information mentioned in the e-mail instructions on the previous page.
