SUPPLEMENTARY INFORMATION: This investigation was instituted on January 9, 2006, based on a complaint filed by Biax Corporation ("Biax") of Boulder, Colorado. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. § 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain digital processors or digital processing systems, components thereof, or products containing the same by reason of infringement of various claims of United States Patent Nos. 5,021,945 (the "'945 patent'"), 5,517,628, and 6,253,313. The '945 patent is the sole remaining patent. The complaint, as amended, names five respondents: Philips Semiconductors

B.V.; Philips Electronics North America Corp.; NXP B.V.; Philips Consumer Electronics B.V.; and 2Wire, Inc.

On May 11, 2007, the ALJ issued his final ID, finding no violation of section 337 with regard to the '945 patent. On May 24, 2007, Biax, Philips, and the Commission's investigative attorney all filed petitions for review. Responses were filed on June 6, 2007.

The Commission has determined to extend the deadline for determining whether to review the subject ID by forty (40) days, or until August 6, 2007.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in section 210.42(h) of the Commission's Rules of Practice and Procedure (19 C.F.R. § 210.42(h)).

By order of the Commission.
