

JLab Staff Recognized at 5, 10, 15, 20 and 25 Year Service Award Events

During a series of special events being held the week of April 9-12, more than 150 Jefferson Lab staff members will be recognized for reaching significant employment milestones. The Service Award recipients and their respective supervisors are attending the events that are hosted by JLab Director Hugh Montgomery and Human Resources.

The Jefferson Lab community extends a sincere “thank you” to each of these individuals for the hard work and dedication that brought each person to this point, and a warm “congratulations.”
