**INSTRUCTIONS FOR THE
PERMIT APPLICATION FOR COMMERCIAL FISHING ON THE HIGH SEAS**

GENERAL INFORMATION

A permit is required for commercial fishing vessels that operate on the high seas. Consult the U.S. Code of Federal Regulations (Title 50 CFR Part 300 Subpart B) for application requirements, permit eligibilities, and related information.

Complete all sections of the application form. This information is being collected by the National Marine Fisheries Service (NMFS) to ensure timely and accurate records are available concerning the fishing vessels of the U.S. that participate in fishing on the high seas, consistent with the High Seas Fishing Compliance Act.

Applications should be typed or hand written in ink. Incomplete or illegible applications will not be accepted. The non-refundable application fee is \$129. A check or money order payable to the "U.S. Department of Commerce – NOAA" must accompany each application.

Mail the application, payment, and all required supporting information to one of the offices noted in Section 6 below. Submit your application to the Regional Administrator with whom you normally interact on fisheries matters.

Owners or operators of U.S. vessels used for commercial fishing for highly migratory species (HMS) on the high seas in the convention area of the Western and Central Pacific Fisheries Commission (WCPFC) are required to obtain a NMFS-issued fishing authorization called a "WCPFC Area Endorsement" in addition to the permit for fishing on the high seas. The application for the WCPFC Area Endorsement can be obtained from NMFS Pacific Islands Regional Office (address is below under Section 6). The WCPFC Area Endorsement is issued by the Regional Administrator of NMFS Pacific Islands Region as an endorsement on the permit issued under the High Seas Fishing Compliance Act. Any vessels receiving fish from another fishing vessel or bunkering or otherwise supplying or supporting a vessel that is harvesting HMS, as well as those vessels harvesting HMS, are subject to this requirement.
