

DWIGHT DAVID EISENHOWER ARMY MEDICAL CENTER

ARMY MEDICINE
Serving To Heal...Honored To Serve

Welcome to our Comprehensive Surgical Services

***Eisenhower Army Medical Center
supports our Tricare eligible population***

Did you know if you are a Tricare eligible beneficiary regardless of age—Veteran, retired from the military or the family member of a retiree—you are eligible to receive Surgical Care at Eisenhower Army Medical Center?

***Our top priority and focus is on
taking care of you!***

Our vision is to provide World Class comprehensive and compassionate care to our Nation's Warriors, their Families, retirees and all other directed beneficiaries, while maintaining unit and personal readiness to meet the demands of our Nation.

Equally as important, we recognize that practicing good medicine goes beyond delivering outstanding patient care. It involves ensuring patients are aware of their options.

You, the patient, should know you may choose to be taken care of by your own.

General Surgery and Vascular Surgery Clinics

The General Surgery and Vascular Surgery Clinics of Dwight D. Eisenhower Army Medical Center are part of a full service Surgery Center staffed by seven Board Certified General Surgeons (specializing in fields including Surgical Oncology, Minimally Invasive Surgery, Colorectal Surgery and Surgical Critical Care) and two board certified Vascular Surgeons.

Specialized Surgical Care

At Dwight D. Eisenhower Army Medical Center our goal is to provide the highest quality care to our Soldiers, Veterans, retirees and their families.

The Surgical Services have

continued to grow and specialize over the last decade. We offer a wide range of innovative adult open surgical procedures and minimally invasive techniques.

Care at Eisenhower is cutting edge, focused on our patients and families, with high-tech equipment managed by caring, knowledgeable and competent staff.

It does not matter where you receive your primary care. Whether your primary care is at Eisenhower, with a network physician or with a non-network physician, it is *your choice* to decide where you receive your Surgical Specialty Care.

You may call us directly at
(706) 787-2121/2248.

WWW.DDEAMC.AMEDD.ARMY.MIL

We want to take care of you or your family member in whatever surgical treatment requires attention.

If your doctor has said you need to have cancer, colorectal, morbid obesity or vascular surgery, we want to take care of you!

You or your Doctor may call our office to make an appointment, a referral, or to discuss your options.

*You may always choose to come to Eisenhower,
where we look forward to serving you!*

Diseases & Conditions

That can affect you

Breast Cancer

Early accurate diagnosis and treatment is crucial.

Peripheral Artery Disease (PAD)

Can lead to loss of limb, heart attack or stroke.

Obesity

Considered a major risk factor for diabetes, high blood pressure, high cholesterol, coronary heart disease and heart attack.

Colon Cancer

Screening and prompt intervention can be life saving.

Hernias

Can lead to severe pain and even bowel obstruction if left untreated.

Skin Cancer

Early identification and treatment of skin cancers can save lives.
