Public Affairs Specialist--Regional 13/10 \$ 113,496.00 34

The categories A, B, C are all have individual capable of handling media inquires.

Category B: the general practice is that only individual in the grade of 13 or above of which there are 6 are allowed to handle media. In a situations such as the one at Bannister someone in the grade of 14 or higher would have been preferable. In addition, some of those individuals in the grade of 13 above (and most of those below) are internal communication specialist, meaning their focus and specialty is the creation and production of internal communication publications and materials. In addition to the positions listed here we now have an associate administrator which we did not have at the time.

Category A: both of these positions handle media relations, however only the press secretary position was filled at the time of the contract.

Category C: These individual are assigned to the regions. The list above represents the current staffing level, however, we are authorized one FTE for each region (11 total). At the time of the contract all 11 positions (FTEs) were filled. Currently the Region, 2, 3, 6, 8, 9 and 10 FTEs are filled. At the time of the JMA the contract this category did not report to GSA Central Office, rather this group reported to the Regional Administrator.

This has since changed (which is why they are included on the list) and the Regional Public Affairs Specialists now report to Central Office.
